Favour, Jr., Special Assistant to the Regional Director, National Park Service and Chief Naturalist (retired), Acadia National Park; Speaker Hal Borland, author and naturalist, with bronze plaque designating the Cobble a National Natural Landmark; Mr. Bulkeley and Charles E. Mason, Jr., President of The Trustees of Reservations who presented the Conservation Award.

Eighty-second Annual Meeting

Pursuant to notice duly given, the Eighty-second Annual Meeting of the Corporation of The Trustees of Reservations was held in the New England Merchants National Bank Executive Dining Room on the 49th Floor of the Prudential Tower, Boston, Massachusetts, on Wednesday, January 31, 1973 at 4:00 p.m.

There being a quorum for the transaction of business present in person and by proxy, the meeting was called to order by President Charles E. Mason, Jr. In the absence of Secretary Henry R. Guild, Jr., Mr. Augustus P. Loring was appointed Secretary pro tempore and kept the minutes of the meeting.

Minutes of the previous Annual Meeting

Upon motion duly made and seconded, it was unanimously

VOTED: That the reading of the minutes of the Eighty-first Annual Meeting of The Trustees of Reservations be and it hereby is waived; and that said minutes be and they hereby are approved in the form presented to the meeting.

Secretary's Report

Mr. Loring, Secretary pro tempore, summarized the contents of the Secretary's Report which sets forth in writing the more significant actions taken by the Standing Committee of The Trustees of Reservations in 1972.

Upon motion duly made and seconded, it was unanimously

VOTED: That the Secretary's Report be accepted. A copy of the report is attached to these minutes.

Treasurer's Report

Treasurer Richard L. Frothingham commented on various aspects of the financial condition of The Trustees of Reservations and the results of operations during the past year. He noted that the total resources of The Trustees of Reservations were approximately \$6,693,000 at the end of the 1972 fiscal year, compared to about \$6,630,000 at the end of the 1971 fiscal year. Total income from investments, including income from the Budd funds, remained approximately equal to 1971 at \$385,000. Operating income decreased to \$208,000 from \$235,000, and total net income decreased to \$645,000 for fiscal 1972 from \$667,000 for fiscal 1971.

During this same period headquarters expenses increased from \$143,000 to \$167,000, and Reservations expenses increased to \$409,000 in 1972 as compared to \$379,000 in 1971. Total expenses and Transfers for fiscal 1972 were \$641,000 as compared to \$662,000 for fiscal 1971. These expenses reflect the transfer of \$65,000 in 1972 to the Reserve for Land Acquisitions, Repairs, Replacements and Extraordinary Expenditures to defray the cost of certain special items of a non-recurring nature. The Treasurer's complete report will be printed in the Trustees' Annual Report for the year 1972.

Upon motion duly made and seconded, it was unanimously

VOTED: That the Treasurer's Report be and it hereby is accepted and approved.

Auditor's Report

Treasurer Frothingham then read to the meeting the text of the report for fiscal

1972 submitted by the Corporation's independent auditor, Cortland B. Bacall.

Upon motion duly made and seconded, it was unanimously

VOTED: That the Auditor's Report be and it hereby is accepted and approved in the form read to the meeting by the Treasurer.

Amendment to By-Laws

President Mason then referred to the proposed amendment to the by-laws of the corporation and the explanation thereof set forth in the notice of the meeting. He noted that this amendment had been approved by the Standing Committee and recommended for adoption by the corporation. He summarized the proposed amendment, which would expand opportunities for membership on the Advisory Council, which has thus far been limited to former officers and members of the Standing Committee, to include persons with important qualifications who may not happen to have served The Trustees of Reservations in the capacities hereinabove mentioned.

Upon motion duly made and seconded, it was unanimously

VOTED: That the by-laws of this corporation be and they hereby are amended by deleting the first sentence of Article VI thereof so that said Article VI will read as follows:

"Article VI. Of the Advisory Council.

Members of the Advisory Council shall be chosen at the annual meeting of the corporation, and they shall hold their offices for such term as the corporation shall determine. The members of the Advisory Council shall

be entitled to attend all meetings of the Standing Committee but without vote."

REPORT OF THE SECRETARY

January

Standing Committee

1. Accepted grant from Charles E. Merrill Trust in the amount of \$25,000 and allo-
cated these funds to the campaign to en-
large and protect Bartholomew's Cobble
and to preserve the Colonel John Ashley
House.
2. Voted to use the funds raised in the
campaign for Bartholomew's Cobble and
the Colonel John Ashley House to dis-
charge the mortgage on the latter, and
voted to transfer the title of the Colonel
Ashley House to The Trustees of Reserva-
tions.
3. Accepted gift from Mrs. Seth Wakeman
of 22.22 acres of land on Little Neck to
be added to the Cape Poge Wildlife Refuge.

Corporation

Accepted reports of Treasurer and Auditor
and elected officers, members of Standing
Committee, corporate members and mem-
bers of Advisory Council.

February

1. Elected Augustus P. Loring Chairman of the Standing Committee.
2. Approved in principle the eventual hiring of an Assistant Director whose principal responsibility would be negotiating for the acquisition of new properties, and a Business Manager who would act in the capacity of a Controller.
3. Appointed Professor Eliot and Mr. Lyman as a committee of two to assist Secretary for Environmental Affairs Charles H. W. Foster in dealing with the environmental reorganization in the Commonwealth.

March

1. Approved pilot project for intensive program of preservation in the upper Charles River Valley.
2. Accepted gift of two parcels of land on the Weir River in Hingham from Mr. and Mrs. William H. C. Walker totalling 2.16 acres to be added to World's End Reservation.
3. Reviewed interpretive programs designed to convey to the public, features of the different reservations, through descriptive reference to plants, geological characteristics, and so forth.

April

1. Reviewed rules and regulations and publication of signs at each of the reservations, and appointed committee to review drafts of proposed new regulations for each reservation.
2. Reviewed map presented by Professor Hornbeck showing more than 400 natural acres worthy of preservation for reasons of scientific value or historic interest, some of which are already preserved.
3. Accepted gift of 71.1 acres of land, including a Warden's cottage, in Andover and North Andover from members of the Kimball and Ward families.
4. Discussed implications of purchase by

National Park Service of land adjoining The Old Manse in Concord for parking purposes.

May

1. Adopted rules and regulations for various reservations which had been prepared by the Regulations Committee, subject, in some cases, to approval by the Local Committee for such reservation.
2. Voted that with respect to any reservations on which vehicles are permitted, said vehicles be restricted to existing, designated roadways.
3. Voted to award the 1972 Conservation Award to Mr. Morgan G. Bulkeley of Pittsfield for his contributions of time, labor and support on behalf of Bartholomew's Cobble Reservation and the quality of the environment of Berkshire County.
4. Accepted grant of \$100,000 from the Spaulding-Potter Charitable Trusts to be used as a special revolving loan fund to help acquire and protect conservation land in Massachusetts.

June

1. Reviewed long-range planning proposals, including possible additions to the table of organization.
2. Reviewed proposed plans of Minute Man National Park to construct an 85-car parking area south of The Old Manse, and discussed route that visitors would take in passing by The Old Manse on their way to visit the North Bridge.
3. Learned that the Trustee of the Spaulding-Potter Trusts had agreed that moneys from the new \$100,000 grant to the Trusts can be advanced at less than 1% below the prime rate of interest, if desirable; and that if the Revolving Funds should cease to be a viable vehicle in the future, any funds contained therein may be transferred to permanent endowment.

July

1. Received reports on several proposed acquisitions.
2. Declined proposal for study of beach and shoreline erosion at Crane's Beach for total cost of \$34,854.
3. Authorized raise in rates for season's tickets at Rocky Woods Reservation.
4. Heard report on completion of Phase I of the Survey of Landscape and Natural Areas in Massachusetts.

August

(Held at Lowell Holly Reservation in Mashpee.)

1. Recognized and approved the Friends of Cape Poge Wildlife Refuge and Wasque Reservation.
2. Authorized razing or disposal of North Cottage at Notchview Reservation.

September

1. Confirmed appointment of Matthew Sullivan III of Canton as Superintendent of South Shore Management Unit.
2. Reviewed a number of proposed acquisitions and appointed Visiting Committees.

October

1. Substantially amended Standard Operating Procedures and Employment Policies for Full-Time Personnel.
2. Adopted policy that any use or reproduction, in print, photo, or moving picture, of property of The Trustees of Reservations for commercial purposes shall require advance approval.
3. Extended for two years the license which permits the Mitre Corporation to use a portion of the Ward Reservation in Andover to conduct radar and electronic tests and experiments, at an increase of annual rental from \$1250 to \$1500.
4. Reviewed plans, prepared by architect and Advisory Council member Daniel J. Coolidge, for renovation of West Cottage

at Notchview to provide shelter for hikers, cross-country skiers and others.

5. Agreed to be listed as a sponsor of the Environmental Tax Forum to be conducted by the Federal Tax Institute of New England on December 2.

November

1. Reviewed report of Nominating Committee for candidates for various offices to be elected at the Annual Meeting in January.
2. Approved proposed amendment to by-laws to enlarge Advisory Council to provide opportunities to include persons who have demonstrated interest in matters relating to conservation, in addition to former members of the Standing Committee.
3. Accepted grant from Mabel Louise Riley Charitable Trust of \$5,000 per annum for three consecutive years, to be used in expanding and extending interpretive programs conducted by the Trustees in open space and natural areas.
4. Voted to release right of first refusal given to The Trustees of Reservations by Mr. Richard Parmenter on his property at Cape Poge consisting of approximately 40 acres, provided that this property be purchased by Dr. Joseph E. Murray. Dr. Murray agreed to immediately sell 15 acres to the Trustees at a price of \$1,000 per acre. He also very kindly agreed to donate to the Trustees an additional 15 acres of this property within the next ten years, and to restrict the remaining ten acres in perpetuity to the one existing dwelling house plus appropriate out-buildings.
5. Authorized Director to convey to officials of Conference Service Corporation the continued interest of The Trustees of Reservations in CSC's proposal to lease the Great House at Castle Hill on a long-term basis.

6. Authorized execution of contract for work on Natural Areas Project, Phase II.

December

1. Reviewed Treasurer's Report for fiscal year ended October 31, 1972.

2. Accepted conservation restrictions granted by Muriel G. S. Lewis, George Lewis and Laura C. Lewis covering approximately 81.14 acres and encompassing more than one mile of frontage on the Charles River in Sherborn.

3. Listened to report by Professor Eliot on proposed legislation authorizing the transfer of certain property of the Department of Mental Health along the Charles River in Medfield to the Department of Natural Resources.

4. Accepted gift of Colonel and Mrs. Francis R. Appleton, Jr. of three parcels of salt marsh in Ipswich totalling approximately 25.8 acres.

5. Voted to purchase from Dr. Joseph E. Murray at a price of \$1,000 per acre, 15

acres of land on Cape Poge, Chappaquiddick Island, constituting a portion of the former Parmenter property recently purchased by Dr. Murray, to be financed by borrowing from the Revolving Fund at an interest rate 1% less than prime.

6. Approved new regulations for Petticoat Hill Reservation.

7. Heard report by Mr. Channing on recently completed form of trust instrument by which a satellite entity, controlled by The Trustees of Reservations, would be created to acquire, for the account of others or for ourselves, conservation property which could then be sold or conveyed, in whole or in part, to the Department of Natural Resources, local Conservation Commissions or other organizations interested in the preservation of land, through the use of the Revolving Fund.

8. Reviewed many proposed acquisitions or preservation of properties through conservation restrictions.

Westfield River at Glendale Falls, Middlefield

Report of Activities - 1972

On March 5, 1890, the publication *Garden and Forest* carried a letter entitled "The Waverly Oaks." Written by Charles Eliot, landscape architect of Cambridge, it expressed concern for the preservation of "the finest bits of natural scenery" in and around the city (such as the Waverly Oaks) and it contained a unique proposal.

It urged the establishment of "an incorporated association composed of citizens of all the Boston towns, and empowered by the State to hold small and well-distributed parcels of land free of taxes, just as the Public Library holds books and the Art Museum pictures — for the use and enjoyment of the public . . ."

The Trustees of Reservations was founded the following year by action of the Great and General Court of the Commonwealth of Massachusetts, Chapter 352 of the Acts of 1891.

And in the past 82 years, as Charles Eliot suggested, "generous men and women (have given) into its keeping some of the fine and strongly characterized works of Nature; just as others buy and give to a museum fine works of art . . ."

11,700 ACRES PRESERVED FOR PUBLIC ENJOYMENT

Today, The Trustees of Reservations is custodian for 53 "beautiful and historic places and tracts of land" from the hills of Berkshire County to the shores of Cape Cod and Martha's Vineyard.

They total more than 11,700 acres of seashore and woodlands, river banks and streams, hilltops and headlands, wetlands, marshes and wildlife areas.

Four properties of The Trustees of Reservations have won country-wide recognition for their cultural and environmental

values. Three are National Historic Landmarks; one, a National Natural Landmark.

In 1972, The Trustees of Reservations added 238.7 acres to the total it now preserves within the Commonwealth for environmental purposes. Perhaps the most exciting of these was a gift of conservation restrictions which protect more than 81 acres of river bank and wetland on the Charles River in Sherborn. For this extraordinary contribution we're most grateful to Mrs. George Lewis, Sr. and to Mr. and Mrs. George Lewis.

The area covered by the easement is contiguous to Rocky Narrows Reservation and runs to Farm Street Bridge, a distance of some one mile. Simultaneously, as a part of The Trustees of Reservations' Charles River Protection Program, a conservation restriction protecting another 30.15 acres of river frontage downstream from the Farm Street bridge, was given to the Massachusetts Audubon Society by Richard Saltonstall. The restricted land borders Audubon's Broadmore Sanctuary. Again we're most grateful.

CHARLES RIVER PROTECTION PROJECT

The Special Committee for the Charles River Protection Program began organization and planning in 1971. And in March, 1972, committee members Ellis N. Allen, Theodore Chase, Professor Charles W. Eliot, II, Henry R. Guild, Jr., John W. Kunhardt, John B. Niles and Thomas B. Williams proposed the establishment of a Pilot Project in the Medfield quadrangle of the Charles River valley designed to accomplish preservation of the natural, scenic and cultural values of a unique portion of the river, essentially

from Rockville to the South Natick dam. Also included is the watershed of the Stop River.

In this portion of the Charles River corridor, already protected, are properties of The Trustees of Reservations, the Massachusetts Audubon Society and the towns of Sherborn and Medfield. The Medfield State Hospital, a property of the Commonwealth of Massachusetts, also holds a significant area of river frontage.

Approved by the Standing Committee, this pilot project will be a team effort working with community conservation organizations as well as state and Federal resource agencies.

The graphics portion of the pilot program is presently underway at the Research Office of the Department of Landscape Architecture at Harvard University's School of Design. There, working with the committee, a landscape architect and planner is producing a series of eight maps and overlays of the project area which will show its topography, vegetation, hydrology, existing land uses and visual values, as well as other environmental qualities such as its geology, wildlife, botany and archeology.

With the completion of this phase, the committee will be expanded to include land owners in the project area.

COMPREHENSIVE PROTECTION PROGRAM

This kind of comprehensive protection program is a result of preservation policies proposed by the Reservations Committee, Chairman Vice President John M. Woolsey, Jr. and members, Standing Committee member Theodore Chase, Advisory Council member Charles W. Eliot, II and Secretary Henry R. Guild, Jr. Three years ago, concerned with the pres-

ures on the land, the growth of development and the need for immediate action, the Reservations Committee urged that a priority be established to acquire land and conservation restrictions to protect the integrity and environmental qualities of those properties we own already.

There should, of course, the committee stated, be continued and energetic emphasis on the acquisition and preservation of new areas as well, but it was agreed that unless we take immediate and decisive steps to protect the resource values of existing properties, the very reason for acquiring them in the first place could be destroyed altogether.

As a part of this policy, the Standing Committee authorized a major effort at one of our most remarkable properties, Bartholomew's Cobble Reservation in Ashley Falls. The campaign which began in 1970, was designed to enlarge and protect the Cobble and to add to it the oldest house in Berkshire County constructed in 1735 by Colonel John Ashley, a hero of the French and Indian Wars.

The Ashley House is also the site of the Sheffield Declaration of Independence, America's first, in 1773, as well as the famous case of the slave Mum Bett, which led to the establishment of an enduring precedent in the field of human rights.

COBBLE CAMPAIGN RAISES \$133,442

With the able and energetic leadership of campaign Chairman Morgan G. Bulkeley and Honorary Chairman Lawrence K. Miller, both of Pittsfield, the members of the Cobble-Ashley House Campaign Committee have raised as of January 29, 1973 \$133,442. This is \$33,738 short of the campaign goal of \$167,500.

Funds acquired to date have made possible the purchase of 115-acre Hurlburt Hill, bordering the Cobble to the west, with

its magnificent hilltop pasture and views of the Housatonic River valley.

In March, 1972, additional gifts and foundation grants also made possible the acquisition of the Ashley House itself and its surrounding five acres of land.

Once the property of Colonel Ashley, all of Hurlburt Hill, the Ashley House, the Cobble and, hopefully, other adjoining lands which will be protected in the future, will form a unique museum of our forefathers' way of life.

For the accomplishments of this remarkable campaign, we owe thanks first to the some 700 donors whose interest in the property prompted such generous support, and second, of course, to Mr. Bulkeley, to Mr. Miller, to Co-Chairmen Hal Borland and Arnold Whitridge in Connecticut, and to every member of the campaign committee whose energies and enthusiasm made it all possible.

Next year, plans call for the formation of a special organization, *the Friends of Bartholomew's Cobble and the Colonel John Ashley House*, which can provide continuing support for the programs and policies of the new Bartholomew's Cobble Reservation in the years ahead. The Cobble's unique natural qualities were also excitingly recognized in December 1971, with its designation by the National Park Service as a National Natural Landmark.

1972 CONSERVATION AWARD

Another event of major significance took place at the Cobble on Saturday, October 14, 1972. There, on the broad field at the entrance, below its limestone ledges, some 220 persons gathered for luncheon to participate in ceremonies honoring Morgan Bulkeley for accomplishments in the field of conservation, not only at the Cobble, but throughout Berkshire County.

President of The Trustees of Reservations Charles E. Mason, Jr. presented Mr. Bulkeley with the organization's Conservation Award for 1972. The citation read as follows: "Bartholomew's Cobble became a property of The Trustees of Reservations in 1946. Since then its all but unique ecosystem has been recognized and studied by botanists, ornithologists and geologists from all over the world. In 1971, the Cobble was declared a National Natural Landmark by the United States Department of the Interior.

"No one has been more responsible for the continued protection of Bartholomew's Cobble and for the interpretation of its natural history than Morgan G. Bulkeley of Pittsfield. A member of the Local Committee for Bartholomew's Cobble for 14 years, he has been its chairman since 1960.

"In his beloved Berkshire County he is 'Mr. Conservation'. He is perhaps best known as a regular columnist and feature writer on history, natural history and the environment for The Berkshire Eagle. But he is also deeply involved in many other directions, all dedicated to preserving the beauty, charm and character of Berkshire County.

"He is Vice Chairman and Secretary of the Pittsfield Conservation Commission which has recently added 160 acres to the city's recreational land. He is a member of the Pittsfield Historical Commission presently seeking historic-district status for entire Park Square. He's a Trustee of the Berkshire County Historical Society and, most recently, Chairman of a tri-state committee of 40 persons raising funds to enlarge and protect Bartholomew's Cobble and to preserve Berkshire County's oldest dwelling, the Colonel John Ashley House.

"For his leadership and dedication, for

his interest and energies and for his remarkable record of achievement in helping to maintain and improve the quality of life in Berkshire County, The Trustees of Reservations is honored to present its annual Conservation Award this year to Morgan G. Bulkeley."

Speaker at the luncheon was naturalist and author Hal Borland, winner of the John Burroughs Medal for the Best Nature Writing of 1968 and a member of the Local Committee for Bartholomew's Cobble.

Also honored was the Cobble itself with the formal presentation of its bronze landmark plaque. Paul G. Favour, Jr., Special Assistant to the Regional Director, National Park Service and Chief Naturalist (retired), Acadia National Park, presented the landmark certificate to Mr. Mason and to Mr. Bulkeley.

After luncheon, hay carts and tractors took luncheon guests to the top of Hurlburt Hill. Others visited the Ashley House.

CHARLES W. WARD RESERVATION

An early campaign in our efforts to protect the integrity of existing properties began at the Ward Reservation in Andover and North Andover. Irregular boundaries, a series of critical "inholdings" and rising pressures on the land prompted Local Committee Chairman John W. Kimball to propose a protection program back in 1967. It was approved by the Standing Committee and a budget of \$14,000 provided, with the understanding that a portion of the funds should be raised within the community. Today, six years later, the Ward program is a remarkable story of success.

Under Mr. Kimball's direction, eight parcels of land have been acquired either by

gift or purchase: in 1967, 13.16 acres; in 1968, 5.5 acres and 11.5 acres, 4.75 acres and 2.1 acres; and in 1971, 17 acres.

In 1972, 11 acres and a gift of 69.4 acres and 1.7 acres - some 136 acres in all. The acquisition of each parcel required quiet patience and persistence.

For the gift of 69.4 acres and 1.7 acres, we are most grateful to Mrs. Elizabeth Ward Kimball, Charles Lakeman Ward, Richard Ward Kimball, Mrs. Margaret K. Montgomery, Dr. Charles L. Ward, Jr., Thomas Dillingham Ward and John Ward Kimball.

Early in the Ward Reservation acquisition program, Phillips Academy of Andover agreed to a matching gift of 78.5 acres of land if we could preserve 128 acres. The program has reached its goal and the Board of Trustees of Phillips Academy will meet shortly to authorize the transfer of title to 78.5 acres to The Trustees of Reservations.

LANDMARK OF ACCOMPLISHMENT

The Ward program is a landmark of accomplishment. It has eliminated critical inholdings and added to the Reservation open field, orchard and woodland, and preserved spectacular views to the south of the Boston skyline and to the west of Mount Monadnock.

Land costs in the project have totaled \$8,246. Gifts to the Ward Reservation Land Acquisition Fund total \$6,090, leaving a balance in the fund, after payments, of \$12,654. We are deeply grateful to all donors of property and most especially to Mr. Kimball for his untiring interest and efforts which will raise the total land area of the Ward Reservation to some 550 acres. This represents an increase in size of more than 60 percent in five years.

A few key parcels still must be acquired to protect the integrity of the property.

OTHER LAND ACQUISITIONS

Earlier in the year, we acquired the following additional acreage as well: 1.81 acres of salt marsh in Hingham, the gift of Mr. and Mrs. William H. C. Walker of Hingham, to be added to World's End; 6.65 acres of woodland in Dover, the gift of Krist E. Apog of Newton to be added to Rocky Woods Reservation; and 25.8 acres of salt marsh in Ipswich, a part of the holdings of Appleton Farms, gift of Colonel and Mrs. Francis R. Appleton, Jr., of Ipswich, to be administered by the Crane Reservation.

We also acquired 22.2 acres of land on Little Neck, Chappaquiddick Island, the gift of Mrs. Seth Wakeman of Edgartown, to be added to Cape Poge Wildlife Refuge. We are most grateful to them all.

In December, 1972, we acquired 15 acres of moorland and beachfront also on Chappaquiddick Island, purchased from Dr. Joseph E. Murray of Wellesley, to be added to Cape Poge Wildlife Refuge. There is a special dividend here: Dr. Murray has generously agreed to donate to the Reservation an additional 15 acres over the next 10 years and to restrict the some 10 acres to which he will eventually continue to hold title, to the one existing dwelling only, plus appropriate outbuildings. We're delighted to have Dr. Murray as a neighbor of the Refuge and we thank him enormously for his generosity and concern for the preservation of the area's natural environment.

MENEMSHA HILLS RESERVATION

We also received a seventh one-twelfth undivided interest in Menemsha Hills Reservation in Chilmark, Martha's Vineyard,

thanks to the continuing generosity of Nathaniel L. Harris and his sister, Miss Catherine Harris. The property, which includes a magnificent 100-foot high sand cliff, a landmark of the island's north shore, will eventually total 149 acres.

TISBURY GREAT POND

We also received in 1972, a fifth one-tenth undivided interest in some 586 acres of upland and beach on Tisbury Great Pond and the Atlantic Ocean. This magnificently beautiful natural area, with its sea and shore birds of every description, is the gift of Frederick N. Blodgett, Carl J. Gilbert and William B. Rogers, Jr. We're most grateful to them all.

LAND CONSERVATION TRUST

In January, 1972, we applied for a grant from the Spaulding-Potter Charitable Trusts to create a special revolving fund for land acquisition and protection within the Commonwealth of Massachusetts. Modeled on The Nature Conservancy's Fund, used nationally, it was proposed that it be available for use by public resource agencies, Conservation Commissions, land trusts and other independent conservation organizations throughout the Commonwealth, including The Trustees of Reservations.

Funds were to be loaned at one percent less than the prime rate of interest for as short a period as possible to provide for the replenishment of the fund and its use elsewhere for similar purposes.

In May, we received a grant of \$100,000 to create a revolving loan fund for conservation land. Needless to say, we are most grateful to the Trustees of Spaulding-Potter Charitable Trusts for their generous support of the revolving fund proposal and we are most excited about the possibilities for its success.

LOAN TO PURCHASE LAND

It has already been used with a loan of \$15,000 to The Trustees of Reservations to finance the purchase of 15 acres on Chappaquiddick Island which have been added to Cape Poge Wildlife Refuge.

Meanwhile, the Standing Committee has authorized the establishment of a new entity to be entitled The Land Conservation Trust which will provide continuing custody for the revolving fund and oversee its use for preservation purposes. As its contributions towards the improvement of our environment grow, it is also anticipated that we will seek new funds to add to its present reservoir to enable it to enlarge its accomplishments throughout the Commonwealth.

LANDSCAPE AND NATURAL AREAS PROJECT

In 1969, The Trustees of Reservations proposed that a new and comprehensive inventory of landscape and natural areas be initiated within the Commonwealth, much like the Report of the Massachusetts Landscape Survey, completed in 1933 by Bradford Williams, MLA, a member of the then Standing Committee. We discussed the inventory idea with the New England Natural Resources Center and in 1971, with help from Federal funding, the Center launched a natural areas program, expanded to every New England state. Coordinators of the project here in Massachusetts are The Trustees of Reservations and the Massachusetts Audubon Society.

The Landscape and Natural Areas Project is designed to accomplish its ultimate goal of protection in three phases: Phase I, an inventory of significant areas and features throughout the Commonwealth; Phase II, the evaluation of those areas and

the development of a comprehensive program for their protection; Phase III, the implementation of this program to preserve the special qualities and character of the Massachusetts landscape.

Phase I, the inventory, was conducted by the Research Office of the Department of Landscape Architecture at Harvard University's School of Design. Under the direction of Project Leader Garland A. Okerlund, MLA, the study has identified more than 2,000 areas. Of these, 461 were selected for inclusion in the Phase I or inventory report submitted to the New England Natural Resources Center. The inventory data has been computerized and is available on printouts, cards and computer maps of the Commonwealth. Although an obvious deadline had to be met, few inventories of this sort are ever complete, and thus data collection continues.

Meanwhile, Phase II is underway. For Massachusetts this will mean the establishment of a Landscape and Natural Areas Council, some sort of landmark recognition to label and identify the Commonwealth's significant natural area's natural or cultural characteristics and to determine priorities and techniques for its protection.

We're about to initiate a pilot project in Barnstable County which will attempt to refine the inventory in this area, and test a variety of techniques leading to a logical system for their preservation.

On the regional level, in continued meetings with natural area representatives of other New England states, The Nature Conservancy and the natural areas program of the Smithsonian Institution, to mention only a few, we are discussing the protection of regional ecosystems.

All this is enormously exciting. It represents a comprehensive effort to provide rational planning for the preservation of the Commonwealth's and the New England region's major environmental resources. And it ties in directly with all efforts pointing towards an effective program of land use planning.

On the Landscape and Natural Areas Project Committee for The Trustees of Reservations are Standing Committee members Associate Professor Peter L. Hornbeck and Dr. John W. Kimball, and Advisory Council member Professor Charles W. Eliot, II.

Throughout our efforts we have maintained close and continuing contact with the Massachusetts Department of Natural Resources. We're most grateful to Commissioner Arthur W. Brownell, Director of the Division of Conservation Services, Matthew B. Connolly, Jr. and Director of the Division of Planning, Albert E. Pratt for their interest in the natural areas project and the information and advice which their department has helped to provide.

We're also grateful to the scores of naturalists and conservationists all over the state who have volunteered their time to provide information for the inventory. It could not have been compiled without them.

IPSWICH-ESSEX SALT MARSH PROTECTION PROGRAM

In 1956, Professor Charles W. Eliot, II and Cornelius Crane established a program which they hoped would eventually lead to the preservation of salt marsh in Ipswich and Essex. Through the years, varying measures of protection have been given to thousands of acres. The Crane Reservation, with its holdings of salt marsh, became the property of The Trustees of Reservations. The Towns of Ipswich

and Essex also acquired additional marshland, as did The Nature Conservancy, the communities' Conservation Commissions and the Massachusetts Department of Natural Resources.

Some years ago, the General Court provided for the protection of salt marsh, first with the Jones Act, and second with the more comprehensive Coastal Wetlands Protection Act.

However, the restriction of salt marsh areas by the Department of Natural Resources under the Coastal Wetlands Act, although a marvelously welcome step which has made Massachusetts a leader nationally in this area of conservation, is not able to provide the fullest measure of protection.

With this in mind, the Program to Protect the Ipswich-Essex Salt Marshes was revived in 1971. Its aim is to acquire the fee to marsh areas where desirable and to protect the ecological values of others with conservation restrictions. The project is presently concentrating on the Castle Neck River which borders a portion of the Crane Reservation in Ipswich.

A project outline has been prepared and endorsed by the Standing Committee. Initial contacts with property owners have been made and additional contacts are due shortly. Members of the Ipswich-Essex Salt Marsh Protection Committee are Professor Charles W. Eliot, II, Charles H. Shurcliff, Sidney N. Shurcliff and John C. Vincent, Jr., Esq. And we are, of course, at this stage, working with the Ipswich Conservation Commission and with concerned citizens within the community.

For his organization of the program, his graphics and his early approaches to landowners in the area, we owe enormous thanks to Charles H. Shurcliff. It would

also have been impossible to launch the program without continuing legal advice from Mr. Vincent, and of course, planning services and policy coordination from Professor Eliot. We're most grateful to them all.

CONSULTING SERVICES

The Trustees of Reservations has always provided information for landowners interested in preserving their properties. But with a growing concern for the preservation of significant landscape areas across the Commonwealth, we find requests for information and assistance increasing yearly.

They come not only from landowners, but from members of Conservation Commissions, Planning Boards, land trusts, historical societies, garden clubs, and citizens earnestly concerned about the natural environment of their communities.

In 1972, we visited some 50 properties, and talked with a sizable additional number of citizens and landowners.

We provide information on possible opportunities for preservation - describing various techniques available and agencies and organizations which might best answer special needs. We work with lawyers, tax experts, trust officers, land use planners and scientists, to help determine how a property might best be preserved. We also serve as liason with public agencies such as the Massachusetts Department of Natural Resources, its Division of Fisheries & Game, Regional Planning Commissions, the United States Department of Agriculture's Soil Conservation Service and the United States Department of the Interior's National Park Service and Bureau of Sports Fisheries & Wildlife.

Last year, we assisted in the acquisition of two outstanding state parks for the

Massachusetts Department of Natural Resources.

One is Borderland State Park in Easton, some 1300 acres of upland, ponds and wetland. The other is Acushnet Cedar Swamp in Acushnet, some 1870 acres, which now protect a magnificent virgin stand of Atlantic white cedar, as well as ponds and upland.

As a result of other efforts made last year by The Trustees of Reservations, steps have also been initiated by both public and independent resource agencies and organizations which, hopefully, will lead to the preservation of other significant landscape areas throughout the Commonwealth in the months ahead.

Utilizing the special skills of members of the Standing Committee and Advisory Council, as well as members of the corporation and members of Local Committees, we work with preservation proposals attempting to find the best answer to meet the needs of the land owner and the community.

THE NATURE CONSERVANCY

We also serve as agent for The Nature Conservancy here in Massachusetts. A national, non-profit organization devoted as we are to the preservation of open space land through private action, The Nature Conservancy was founded in 1951.

THREE AREAS OF RESPONSIBILITY

The Trustees of Reservations divides its responsibilities into three general categories.

The first is the acquisition and protection of significant open space areas within the Commonwealth. Some of these are new properties which become Reservations with distinctive characters all their own.

Others are lands added to existing properties to further the original purpose of a Reservation, to increase its ecological interest and, at times, to protect its special qualities and resources from the effects of inconsistent uses which may take place on land around it.

The second area of responsibility provides for the public use and enjoyment of properties already owned by The Trustees of Reservations. It involves their management, professionally planned and directed with policies usually initiated by Local Committees and approved finally by the Standing Committee, the organization's policy board. A basic aim, of course, is the continued preservation of the properties' historic values and the qualities of their natural environments. The third area of responsibility calls for the interpretation of the resources of these remarkable and widely different properties for the thousands of persons who visit them annually. In the case of our historic houses, it means a creative, instructive and enjoyable presentation of their role in America's past. Within the last few years, there has been an exciting and increasing emphasis on this area of interpretation. It is sure to grow rapidly in the years ahead.

NEW UNIT MANAGEMENT SYSTEM

To provide our properties with protection and management of a consistently high quality and to most effectively and efficiently meet the needs of the visiting public, The Trustees of Reservations divides its management responsibilities into three geographical regions. This year, to further increase management efficiencies and to help better define management responsibilities, we subdivided our regional management program into a series of

management units. The regions and the units are listed below.

Northeast Management Region: Ipswich Management Unit, Cape Ann Management Unit, Andover-North Andover Management Unit and Concord Management Unit.

Southeast Management Region: South Shore Management Unit, Cape Cod Management Unit and Medfield Management Unit.

Western Management Region: Windsor Management Unit and Stockbridge Management Unit.

Central Management Region

Martha's Vineyard Management Region: Chappaquiddick Management Unit and Chilmark-Tisbury Management Unit.

In 1972, these areas were staffed with 26 full-time employees. Seasonal demands at our now 53 Reservations across the Commonwealth raised this to a total of 170 men and women, both full-time and part-time, employed during the year 1972. A sizable portion of these, of course, serve on the staff of the Crane Reservation in Ipswich.

VISITATION FIGURES

The use and enjoyment of our properties continues to grow annually. Recorded visitations for the year 1972 are listed below. Methods of reporting vary according to the Reservation. Colonel John Ashley House, 768 persons; Bartholomew's Cobble, 4,173 persons; Chesterfield Gorge (recorded weekends and holidays only), 1,021 vehicles; Halibut Point (recorded weekends and holidays only), 2,400 vehicles; Lowell Holly (recorded weekends and holidays only), 1,791 persons; Naumkeag, 2,656 persons; The Old Manse, 23,405 persons; The Mission House, 2,685 persons; Crane Reservation, 40,717

vehicles; Rocky Woods, 32,000 persons; Stevens-Coolidge, 430 persons; Bryant Homestead, 461 persons and World's End, 5,975 vehicles.

From these figures and others, it's estimated that some 507,184 persons annually visit the 53 open space and historic areas owned by The Trustees of Reservations. Use of the areas is growing markedly, especially during the winter months.

MAINTENANCE OF STRUCTURES

Many of the buildings on our properties are architectural and historic monuments. Others provide useful services, vital to the preservation and enjoyment of an area and the comfort of its visitors. All are maintained with the highest professional standards of care, and the museum houses with a deep and continuing concern for their historic values and their architectural integrity. With other structures, particular attention is given to the maintenance of their visual amenities and the harmony with which they match the natural landscape.

In 1972, the exterior of the Colonel Ashley House was painted and windows glazed and repaired. A portion of the roof of The Old Manse was shingled and a cornice, damaged by lightning in an electrical storm, was repaired. The exterior of the Bryant Homestead was painted and paint and wallpaper restored much of the interior.

At Rocky Woods in Medfield, General Maintenance Headquarters of The Trustees of Reservations, a bay of the garage storage building was enclosed and heated to serve as workshop for vehicles.

At Naumkeag, a portion of the greenhouse was removed with the consent of the area's Garden Committee and maintenance

needs continued to be met in the Chinese Garden, the Afternoon Garden and the Evergreen Garden.

Because of severe leaking, a new tar and gravel roof was installed at the Pierce House in Milton, General Headquarters of The Trustees of Reservations.

At the Stevens-Coolidge Place, the Superintendent's cottage was subject to thorough and urgently needed renovations and repairs.

The interior of the hostess' apartment in The Mission House barn was also painted as were the windows, storm windows and screens.

BRYANT HOMESTEAD

By far the most remarkable restoration project of 1972 took place at the Bryant Homestead in Cummington. There, earlier, under the direction of Superintendent Warren A. Drew, the structure's sills and foundation units were carefully renewed, and this year the interior restored to a new and exciting level of curatorial excellence.

Carefully, in keeping with the structure's historic integrity, walls were repaired and painted, wallpaper restored and furniture and furnishings rearranged to fit an accurate period of exhibition. Using old photographs and drawings, diaries, reports and other historical data, two members of the Local Committee have directed this really remarkable accomplishment. They are Mrs. Philip A. Dater of Ashfield and Mrs. Leon Thayer of Cummington. We owe them both enormous thanks for a job superbly well done. Plans for next year include the restoration of the Homestead kitchen. The Bryant Homestead is a National Historic Landmark.

NOTCHVIEW RESERVATION

With a growing number of hikers and cross-

country skiers using the trails and fields of this 3,000-acre property, the Standing Committee last year authorized the renovation of the West Cottage as a Visitor Center.

Plans for the area were completed this fall by Advisory Council member architect Daniel J. Coolidge and work is presently underway. When renovations are complete an oil furnace will replace the present wood-burning furnace. There will be a ski and wax room in the basement (a mud room during the hiking season), a simple sitting room and lounge on the first floor where visitors may relax and eat a picnic lunch, and on the second floor, rest room facilities for both men and women.

LANDSCAPE PROJECTS

At other areas throughout the Commonwealth, trails must be maintained and silvicultural management practiced where Master Plan policies of properties demand it. Last year, for example, a vista was restored at Old Town Hill in Newbury. Now from the top of the hill, the view once again is of Plum Island, Ipswich Bay, the mouth of the Merrimack River and the entrance to Newburyport Harbor. To accomplish the restoration of the vista, acres were cleared of sprout poplar, hawthorne and pine.

Trails were brushed out at Whitney & Thayer Woods, Notchview, Lowell Holly and Pamet River, among others. Brush was cleared from stone walls at the Ward Reservation. New trails were cut at Notchview with design assistance from the Berkshire Chapter of the Appalachian Mountain Club, and at the Norris Reservation in Norwell. Trail management is a continuing project.

At the Stevens-Coolidge Place in North Andover, with direction provided by Standing Committee member Peter L.

Hornbeck, a landscape architect, new plant materials and a new design were provided for the perennial garden.

Perhaps one of our largest silvicultural responsibilities has been the removal of diseased elms. This is a depressing pastime. Many of these magnificent trees were more than 200 years old, giants of the landscape whose leaves will green no more. Where we could catch them in critical areas, we have done our best to save those we could and in some cases we have, at least temporarily, been successful.

A variety of shade trees has been used as replacements and, to meet future needs economically, we have also established a small tree nursery on an experimental basis at the Stevens-Coolidge Place. Meanwhile, with the assistance of the Department of Plant Pathology at the University of Massachusetts, research continues on the possibility of introducing disease-resistant elms which have some of the landscape characteristics of the American elm.

This year also, more than 1,000 feet of cable fencing was installed at Chesterfield Gorge. Designed to provide protection for visitors, its simple cable strands blend harmoniously and unobtrusively with the landscape.

Throughout the busy summer season, of course, we must also mow fields and lawn areas, and deal with the ever present and increasing responsibility of litter removal and control.

At Misery Island, for example, next year we plan to initiate a carry-on, carry-off litter control program. We simply cannot continue present collection and dumping practices on the island.

We also, of course, must provide professional care for more formal gardens at

properties such as the Stevens-Coolidge Place, the Crane Reservation, Naumkeag and The Mission House.

We're most fortunate to be able to call upon, in this area, the advice of an extraordinary and distinguished Garden Committee member Peter L. Hornbeck and Advisory Council member Sidney N. Shurcliff, both landscape architects, Mrs. Erastus Corning of Albany, former President of the Garden Club of America and Mrs. G. Douglas Krumbhaar of Stockbridge. Mrs. Krumbhaar's continuing creative direction of the garden at The Mission House won her last year a citation from the Garden Club of America (Zone 1) "for her profound knowledge of horticulture and the outstanding execution of replanting of the garden at The Mission House".

This year, the Massachusetts Horticultural Society will award the garden at The Mission House its coveted Silver Medal. We salute Mrs. Krumbhaar's accomplishments and express, once again, our great gratitude for her interest and activities with The Mission House garden.

THIS FRAGILE SHORE

The program to control shoreline erosion at the Crane Reservation and to restore and protect primary and secondary dunes at Crane Beach continues. Last year, in cooperation with the Town of Ipswich, the Ipswich Conservation Commission, and the town's Recreation Commission and the Ipswich Garden Club, 51 high school students helped plant more than 6,000 culms of beach grass to stabilize sand dunes.

A major part of the program in 1972 was made possible by Federal funding given to the Town of Ipswich for emergency shoreline restoration following a February storm. Additional sand dunes were re-

stored and volunteers helped to plant beach grass culms on other dunes near the lighthouse.

For their cooperation and for their continuing interest in the stabilization of the beach, we owe thanks to the Ipswich Board of Selectmen, Town Manager Richard Conti, Chairman of the Conservation Commission Mrs. Robert K. Weatherall and Commission members, and Commissioner of Recreation James H. Daly.

ADMINISTRATION AND STAFF

One of the remarkable resources of The Trustees of Reservations is its professional staff. We are enormously fortunate to have men and women whose level and variety of skills are extraordinary, and whose standards and quality of workmanship are rare indeed. They have a unique understanding of their responsibilities and an ever-inspiring dedication to public service. The pride they take in the appearance of their properties and in their own relationship with visitors has earned them lasting respect in their communities.

This year we welcomed a number of new faces and said a sad farewell to a number of old. In February, we welcomed to General Headquarters, as Controller, C. Charles Tacito of Arlington who, with Bookkeeper Mrs. Francis J. Gardner, maintains with professional efficiency the fiscal records of the corporation and provides regular financial reports. For 26 years, Mr. Tacito served as Chief Accountant for Eastman Kodak Stores of Boston, a subsidiary of Eastman Kodak Company.

In October, Matthew Sullivan, III of Canton joined the staff of the Southeast Management Region as Superintendent of the South Shore Management Unit. Mr. Sullivan received a bachelor of business administration, forest management, at Nichols College and has completed all

but his thesis requirements for a master's degree in forestry from the University of Missouri.

Mr. Sullivan will be responsible for the management and protection of the Pierce House and Hutchinson's Field in Milton, the Norris Reservation in Norwell, World's End in Hingham, Holmes Field in Plymouth, Whitney & Thayer Woods in Cohasset and Hingham, Lowell Holly Reservation and Mashpee River Reservation; both in Mashpee, and Pamet River Reservation in Truro, a total of 1,711 acres in seven communities.

In September, Superintendent Donald R. Buma, of the Andover-North Andover Management Unit, welcomed to his staff at the Stevens-Coolidge Place, Gary L. Brightman, a graduate of the Stockbridge School at the University of Massachusetts. He holds an associate degree in arboriculture and park management and has taken courses in plant pathology at the University of Georgia. He is a veteran of the U. S. Air Force where he served as a specialist in the maintenance of heavy equipment.

At Rocky Woods, with an opening on the permanent staff, we welcomed Chester A. Burks as a full-time maintenance employee.

In December, 1972, Arthur D. Bradley, who had been superintendent of the Stevens-Coolidge Place for 10 years, retired. We will miss his cheerful good humor and his ever-present concern for the property's well-being.

Also in December 1972, Marshall F. Jewett retired as an employee of the Crane Reservation in Ipswich. Mr. Jewett functioned in a dual capacity, working both for The Trustees of Reservations and the Castle Hill Foundation. His primary responsibility was the Great House at Castle Hill and its condition of excellence is testimonial to his devotion and dedication.

At The Old Manse, Mrs. Diana H. Elder was appointed Head Hostess early in the year. We are enormously fortunate that she has agreed to be with us again in 1973. With more than 23,000 persons visiting The Old Manse annually this is our busiest historic property.

At Martha's Vineyard and Chappaquidick Island, Foster B. Silva, formerly Superintendent of Wasque Reservation and Cape Poge Wildlife Refuge, was appointed Superintendent of the Chappaquidick and Chilmark-Tisbury Management Units, a part of the Southeast Management Region. These units include all properties of The Trustees of Reservations on the islands.

At the Crane Reservation, Edward F. Paquin was appointed Supervisor of Maintenance and Robert T. Wade, who has served as a security officer at Crane Beach during the summer season, joined Superintendent Charles E. Coates' staff as a full-time maintenance employee. An opening was created by retirements.

FRIENDS OF CAPE POGE AND WASQUE

In keeping with long-range policies which call for the regionalizing of annual appeals for funds, the Standing Committee authorized the establishment in 1972 of the **Friends of Cape Poge Wildlife Refuge and Wasque Reservation**. Recommended by the Local Committee for the properties, the organization is led by Harold B. Kelley, Jr., Chairman; Mrs. Robert G. Potter, Jr., Vice Chairman; and W. Gray Mattern, Treasurer. On a new letterhead especially designed for the Friends, an appeal was made in July to more than 1,200 persons. Volunteers addressed letters by hand and reported the continuing results of their efforts directly to the Treasurer.

At the end of the calendar year, the Friends of Cape Poge and Wasque had raised \$10,507. Part of the funds were used to purchase a new truck for Superintendent Foster B. Silva. The remainder will be used to meet operating expenses at both properties and for special, urgently needed projects such as restoring the moor-like qualities of the landscape at Wasque, erecting snow fences and planting beach grass for erosion control at Cape Poge and providing signs and fencing for the protection of tern nesting areas. We're deeply grateful to Mr. Kelley, Mrs. Potter and Mr. Mattern for their efforts in what was a most successful campaign. We are also grateful to every member of the Local Committee for Cape Poge and Wasque and to Chairman Oliver B. Filley, Jr. for coordinating the campaign and the activities of the Friends. And, of course, we express our great thanks to every donor. Their loyalty to the properties through the years has made possible their management and protection at the highest level of quality.

GENERAL FUND RAISING AND GRANTS

Besides the special appeal for Wasque and Cape Poge and Bartholomew's Cobble, we also appeal to members in general for contributions to the annual campaign. This yearly support is vital to the success of operating efforts throughout the year and to the continued success of the land acquisition fund. In **calendar** 1972, our general appeal raised \$56,365.

Bequests totaled \$21,000. Grants: \$105,000.

The combined total of all campaigns, bequests and grants for the calendar year 1972 totaled some \$225,471.

CASTLE HILL FOUNDATION

An annual expression of great thanks should go to the Castle Hill Foundation and most especially to its President, David C. Crockett of Ipswich.

For some two decades, the Foundation's programs in the fields of music and art in the Great House at Castle Hill have made major contributions to the cultural life of its surrounding communities. At its Annual Meeting this year on October 29, 1972, more than 150 foundation members present heard pianist Eugene Indjic perform in a program of Schumann, Chopin and Beethoven.

In the business portion of the meeting, the following were elected officers and directors of the Castle Hill Foundation:
Officers: David C. Crockett, President; Mrs. Cornelius Crane, Vice President; David W. Scudder, Vice President; Charles Tapley, Secretary; and Gordon Abbott, Jr., Acting Treasurer; **Honorary Directors:** J. Perry Smith and S. L. M. Barlow; **Directors:** George R. Mathey; H. Felix Pereira; and Peter A. Wick.

Mr. Crockett also paid tribute to Mrs. Charlotte E. Terry, General Manager of Castle Hill, whose administrative abilities, good taste and judgement have enabled all activities at the Great House to meet the highest standards of public service.

CONSERVATION RESTRICTION FUND

In 1972, the Standing Committee approved the establishment of a Conservation Restriction Fund.

With an eye to the increasing use of conservation and preservation restrictions for the protection of open space and historic areas, the fund is designed to be used as necessary in the years ahead for the defense of conservation or preservation

restrictions held by The Trustees of Reservations. It is hoped that over the years the fund will grow to \$25,000.

INTERPRETIVE PROGRAMS

New concentration last year focused on interpretive programs at our properties around the Commonwealth. In the fall of 1971, to provide planning and direction in this area, Standing Committee Chairman Augustus P. Loring appointed Standing Committee member John W. Kimball chairman of a special committee on Interpretive Programs to review existing activities and outline goals and objectives for the future.

Mr. Kimball, a former secondary school science teacher, received his doctoral degree in biology from Harvard University in 1972. He is the author of **Biology**, a high school and college text published by Addison-Wesley and is presently teaching at Tufts University in Medford.

Members of the interpretive committee include Standing Committee member Mrs. William C. Wigglesworth, Director of Alumnae Giving for Radcliffe College, David A. Ryan, teacher, member of the Science Department of Manchester High School, and during the summer season, Superintendent of Misery Islands Reservation, and Deputy Director of The Trustees of Reservations, Garret F. VanWart.

The committee has met on several occasions to discuss details of the present program and to determine recommendations for future policies in the area of interpretation.

A preliminary report is scheduled to be presented to the Standing Committee this year.

Meanwhile, of course, interpretive programs exist at the Crane Reservation in Ipswich, the Ward Reservation in North

Andover, Bartholomew's Cobble Reservation in Ashley Falls, Misery Islands Reservation in Salem Bay, The Old Manse in Concord, The Mission House and Naumkeag in Stockbridge, The Bryant Homestead in Cummington and the Stevens-Coolidge Place in North Andover.

GRANT FROM THE MABEL LOUISE RILEY TRUST

In November, 1972 we received a grant of \$15,000 (\$5,000 per year for three years) from the Mabel Louise Riley Charitable Trust to expand and extend our interpretive programs.

This is most exciting news and offers a challenge for accomplishment in the months ahead. Research is underway which will help determine which additional properties may be best suited for interpretive programs. Members of the Committee on Interpretive Programs are looking at Rocky Woods Reservation and Fork Factory Brook, Mount Ann Park, Whitney & Thayer Woods, the Henry L. Shattuck Reservation, Weir Hill Reservation, Charles River Peninsula and World's End.

We are enormously grateful to the Trustees of the Mabel Louise Riley Charitable Trust for their interest in our activities and for their support in this special area. The interpretation of the natural and cultural values of our properties is a vital part of our activities.

THE NEW ENGLAND FRONTIER

One of the most successful programs in interpretation exists at The Mission House in Stockbridge. There, directed and led by Head Hostess Mrs. Natalie Hewlett, we welcome students from elementary schools throughout Berkshire County. Mrs. Hewlett presents the story of The Mission House, the Reverend John Sergeant

his Stockbridge Indians and life in those early days of the 18th century in a fascinating and appealing way. Last year, Mrs. Hewlett welcomed students from schools in Stockbridge, Sheffield, Great Barrington, Lenoxdale, Pittsfield, Housatonic and Enfield, Connecticut, as well as youngsters from the Indian Hill Nursery School, Mackeenac Boys Camp and from camps as far away as Roxbury, Massachusetts.

SKATING INSTRUCTION AT ROCKY WOODS

And at Rocky Woods Reservation in Medfield, one of the few areas remaining which offers skating on natural ice, Mrs. Ellis N. Allen continued to provide instruction for youngsters in skating and figure skating.

A PROGRAM IN LIVING HISTORY

To provide elementary school students in North Andover with an understanding of the history of their community, The Trustees of Reservations, the North Andover Historical Society and the Merrimack Valley Textile Museum joined last year to sponsor and present a special program in living history.

The curriculum was designed by John Joseph O'Connor, Jr., candidate for a doctoral degree at Harvard University. Mr. O'Connor, his wife Gretchen and their two children were provided quarters in the handsome brick duplex house at 113 Andover Street, a part of the Stevens-Coolidge Place.

Working with the North Andover School System and community volunteers, the program was completed last year.

Today, one day a week, some 30 youngsters visit the Johnson Cottage, a property of the North Andover Historical Society. There, greeted by teachers, all volunteers,

instructed by the historical society, students see a slide lecture covering the history of the town from 1646 to the time of the Civil War. They are then given plastic name tags bearing the actual names of early citizens of the community, and for the next two hours they visit four different areas of the cottage, actually participating in craft work which exposes them to the activities and customs of North Andover in the early 19th century.

In the kitchen they help churn butter, dip candles and bake bread, all using utensils of the period, engage in needlework and operate a loom. In the cellar or shop, they use old tools, making cedar shingles and fence pickets. They then tour the main gallery of the historical society to see exhibitions of furniture, as well as muskets, swords, dolls, doll furniture, pewter and other artifacts designed to fascinate young minds.

The program, now directed by Mrs. Walter H. Flynn has been hugely successful. Mr. O'Connor, after completing its design, is presently living in Concord and teaching at Concord Academy. This year, the Merrimack Valley Textile Museum plans to initiate an interpretive program for fourth grade youngsters.

The Stevens-Coolidge Place is scheduled to provide a program which will enable youngsters to learn about early agriculture in North Andover. Planning still continues here and will get underway again early this spring.

A policy committee represents the three sponsoring organizations. Its members are: Roland B. Hammond, Jr. and Peter L. Hornbeck, The Trustees of Reservations; Henry L. Donovan, the North Andover Village Improvement Society; Thomas W. Leavitt and Mrs. Horatio Rogers, the Merrimack Valley Textile

Museum; and Mrs. Richard Baldwin and Mrs. Walter Flynn, the North Andover Historical Society.

DYE WORKSHOP

The Stevens-Coolidge Place was host to a two-week work shop in the history and techniques of natural dyeing sponsored by the Merrimack Valley Textile Museum and The Trustees of Reservations. Members of the Boston Spinners and Dyers took part in the program conducted by Mr. and Mrs. Frederick H. Gerber.

Workshop participants used the kitchen in the Main House for dyeing wool. They also studied the taxonomy of both woody and vascular plants such as madder, indigo, cutch, and camwood, and identified the colors of their dyes.

Part of the planning for an interpretive program in early agriculture at the Stevens-Coolidge Place includes the planting of a dye garden.

ANNUAL NAUMKEAG LECTURE

On a sunny Thursday afternoon, July 20, 1972, some 120 persons gathered in the Carriage House at Naumkeag to hear Mrs. Jean McClure Mudge talk on **Chinese Export Porcelain: a Symbol of American Relations with China in the Early 19th Century**.

With a superb collection of colored slides and her extensive knowledge of the history of export porcelain, Mrs. Mudge delighted her audience. After the lecture, cocktails were served on the terrace overlooking Monument Mountain.

A star of the afternoon was also the collection of export porcelain at Naumkeag, one of Miss Mabel Choate's consuming interests.

The annual Naumkeag lecture series has been enormously fortunate in its selection of speakers. Each has been a distinguished

representative of his field. Mrs. Mudge is no exception as is shown below in the brief biography which appeared in the invitation to the lecture.

"Jean McClure Mudge's interest in the arts began at an early age. The daughter of a regular Army officer stationed in Tientsin from 1927 to 1932, she was surrounded as a child by her parents' collection of Chinese objects d'art. Her developing knowledge led first to a major in history and humanities at Stanford, and in 1957 to a master's degree as a graduate of the program in Early American Culture, directed jointly by the University of Delaware and the Henry F. DuPont Winterthur Museum. Her thesis: **Chinese Export Porcelain for the American Trade, 1785-1835**, published by the University of Delaware Press in 1962.

"Today, Mrs. Mudge successfully combines marriage and a distinguished academic career. As wife of Lewis S. Mudge, Professor of Religion and Philosophy at Amherst College, she is the mother of three young children. In 1972-73 she will become a Lecturer at Smith."

We're most grateful to Mrs. Mudge for her participation in the Naumkeag series and to Chairman Stephen V. C. Morris and to every member of the Local Committee who helped make the occasion a success, and most especially to Planning Committee members Mrs. Erastus Corning, II, Chairman, J. D. Hatch, Mrs. G. Douglas Krumbhaar and Mrs. Lawrence K. Miller, we extend great thanks.

ENVIRONMENTAL RESEARCH PROGRAMS

At the Crane Reservation in Ipswich, Robert C. Tibbetts completed the third year of his research study of nesting terns. Assisted by high school students from Saugus, Mr. Tibbetts recorded the nesting

success of least and common terns, comparing the statistics with previous years. He also measured the impact of predators and the effect of human activity within the nesting area. A history teacher at Saugus High School, Mr. Tibbetts' hobby is natural history.

A similar study was conducted at Cape Poge Wildlife Refuge and Wasque Reservation on Chappaquiddick. There, Sandy Beach, a student at Colorado State College, conducted a census of colonial birds. One of the most significant accomplishments of the study was the banding of immature oyster catchers at Cape Poge, the first of this species to be banded on the Vineyard. Working with Superintendent Foster B. Silva, Mr. Beach also recorded when black crown night heron, snowy egrets and Canada geese first arrived at the rookery and in their nesting areas.

At the Crane Reservation, we are engaged in preparing final presentation of a proposal for a research project designed to protect and manage the area's white-tailed deer population. The proposal seeks to learn the population, age composition, range and patterns of movement, as well as the influences of weather and growing human activity in the region on the herd. A possible method of study may utilize radio tracking devices attached to a collar on the deer.

LECTURE ON SHORELINE CHARACTERISTICS

In early August, 1972, The Trustees of Reservations and the Ipswich Conservation Commission sponsored an illustrated lecture on conditions of the sandy shoreline of Ipswich Bay and Plum Island Sound.

Lecturer Jon C. Boothroyd, research geologist with the Coastal Research Center,

Department of Geology, University of Massachusetts, presented the results of a program designed to determine the stratigraphy of Castle Neck and its source of sand supply.

Town officials, members of the Conservation Commission and the Local Committee for the Crane Reservation as well as interested citizens attended the lecture. It was held in the Casino building.

WORLD'S END MARSH

At World's End, research is proposed this year which, hopefully, may help provide management techniques to control the growth of **Phragmites** in the "Damde Meddowes". The area, a mixture of salt and fresh water marsh, is valuable as a resting and feeding area for migratory shore birds and water fowl. **Phragmites**, a grass, is propagating rapidly and fast eliminating the open sections of the marsh.

DEMONSTRATION FOREST PROJECT

At 3,000-acre Notchview Reservation in Windsor, progress continues on the proposal to create a demonstration forest. The project will emphasize management techniques designed to beautify the forest landscape, to deal with field succession and to encourage wildlife.

An interpretive trail will, hopefully, be finished by early summer. Plans call for the West Cottage to become a Visitor Center. Work is already underway in the building under Phase I to provide facilities for hikers and cross-country skiers. Phase II calls for the renovation of the present three-bay garage and its establishment as an attractive interpretive center where visitors may learn about the biology of the forest and woodland management techniques and practices aimed primarily at forest aesthetics.

In the development of this exciting program we have been working with the New England Forestry Foundation and its Secretary-Treasurer John T. Hemenway, also a member of the Standing Committee. We're most grateful for his continuing advice and support.

INTERPRETIVE LITERATURE

A new illustrated guide booklet entitled **Pine Hollow Nature Trail** was completed in 1972. It is in use at the Crane Reservation in Ipswich. The Trustees of Reservations will publish shortly a delightful and comprehensive history of World's End written by the two people in the world who know it best, William H. C. Walker and his son, Willard Brewer Walker. William Walker, now 90 years old, is married to the former Helen F. Brewer, who in 1855, purchased the original portion of what was to become World's End Farm.

A history of the William Cullen Bryant Homestead has also been completed by Lewis A. Carter of Milton. Mr. Carter, a graduate of Yale University and an environmentalist for many years, is the author of many newspaper features and magazine articles.

MONUMENT MOUNTAIN

Members of Wesleyan University's Outdoor Leadership Course used the rugged slopes of Monument Mountain for technical rock climbing exercises in the summer of 1972. The exercises were conducted by **Upward Bound** as a part of the University's master of arts in teaching program.

LOCAL COMMITTEES

A vital part of The Trustees of Reservations is its now 43 Local Committees. Their Chairmen and their members play an indispensable role in the area of management and protection. Many have spe-

cial skills which are invaluable, and on countless occasions throughout the year they contribute information and advice about their properties and their communities which enables the Standing Committee to make sound decisions of policy and the Administration to provide a high level of management performance.

This year a giant in our family of Local Committee Chairmen retires. He is Charles L. Ward, whose steady and effective hand has been at the helm of The Old Manse in Concord for 15 years.

A member of the Local Committee for more than 25 years, more than any other single person Mr. Ward is responsible for the high level of continuing care and preservation which is provided for the property and for the remarkable quality of program activity which has brought so much satisfaction to so many thousands of visitors. We will miss him enormously.

GOVERNOR'S ADVISORY COMMISSION ON OPEN SPACE

The Governor's Advisory Commission on Open Space and Outdoor Recreation, proposed by The Trustees of Reservations following a conference on the **Parkland Crisis in Greater Boston** in 1967, and created by Governor John A. Volpe the following year, filed its first report in 1970.

Two years ago, at the request of Governor Francis W. Sargent, it initiated a study of environmental planning in state agencies with an eye towards the need for one of its primary recommendations: the formation of a state-wide land use planning unit.

The study, conducted by James B. Cornell, a Fellow at the Center for Environmental Studies at Williams College, was completed in January, 1972 and forwarded to His Excellency Governor Sargent.

Later in the year, at the request of the Secretary for Environmental Affairs, Charles H. W. Foster, and with the whole-hearted approval of its members, the Commission agreed to participate in Secretary Foster's Task Force study of government reorganization in the area of environmental services.

Chairman Dr. Andrew J. W. Sheffey presented the Commission's Task Force report at the end of last year.

Two members of the Standing Committee of The Trustees of Reservations serve as Commission members. They are Peter L. Hornbeck and John M. Woolsey, Jr. Advisory Council member Charles W. Eliot, II is also a member, and Director Gordon Abbott, Jr. is Secretary of the Commission.

GOVERNOR'S ADVISORY COUNCIL ON THE ENVIRONMENT

In 1972, Governor Francis W. Sargent appointed a special Advisory Council on the Environment. With Standing Committee approval, it included as a member Gordon Abbott, Jr., Director of The Trustees of Reservations. The Council meets monthly with Secretary for Environmental Affairs, Charles H. W. Foster. It has studied, discussed and commented on a wide range of environmental subjects from air pollution control to transportation and land use planning. It makes recommendations to the Secretary for Environmental Affairs. It has a small staff. Mr. Abbott was recently elected the second chairman of the council. The office of chairman rotates every six months to a newly elected council member.

THANKS AND APPRECIATION

Finally, with sadness we report the deaths of the following members of the corporation. Their interest in The Trustees of

Reservations and their loyalty to its principles will be remembered always.

George C. Shattuck

Cornelius A. Wood

Dr. Shattuck's accomplishments in the field of conservation are legendary. As representative of The Nature Conservancy in Massachusetts for many years, he was instrumental in the preservation of scores of outstanding natural areas. He received The Trustees of Reservations' Conservation Award in 1964.

Mr. Wood, a long-time resident of Andover, and for many years an officer of the American Woolen Company, was an ardent and able sailor. He owned many yachts, and in the later years of his life, he sailed a small trimaran from the Virgin Islands to Marblehead, Massachusetts. A summer resident of Cuttyhunk Island, a lover of the out-of-doors, he was an enthusiastic supporter of The Trustees of Reservations.

STANDING COMMITTEE

This year, two members of the Standing Committee will retire. They are John T. Hemenway and Arthur M. Jones.

Mr. Hemenway, Secretary-Treasurer of the New England Forestry Foundation, has provided wise and effective counsel in all our deliberations. His knowledge of the land, his understanding and love for the forest environment and his skills in the area of woodland management have enabled him to make invaluable contributions to our activities. We're delighted he will continue to serve on the Advisory Council.

As a member of the Future Planning Committee, a Chairman of the Nomination Committee and a member of the Standing Committee for six years, vitally concerned with the preservation of key landscape

areas, Mr. Jones has been an active and articulate voice in helping to shape the policies of The Trustees of Reservations. Vice President of Public Relations and Advertising at The First National Bank of Boston, his knowledge of communications has been enormously helpful with the organization's publications.

We are delighted he, too, will remain active as a member of the Advisory Council and as Chairman of the Local Committee for Old Town Hill in Newbury.

ADVISORY COUNCIL

We also lose this year two distinguished members of the Advisory Council. They are the Hon. Elliott L. Richardson, United States Secretary of Defense, and his Excellency Governor Francis W. Sargent. Both have served as members of the Standing Committee, and both are devoted to the principles and practices of The Trustees of Reservations.

Secretary Richardson, although presently a resident of McLean, Virginia, continues an abiding interest in the land and landscape of his native Massachusetts. An ardent and an excellent fisherman he knows it well, and despite his busy schedule he still finds time to comment occasionally on our reports which are sent to him by mail.

Governor Sargent's knowledge of the environment is known and respected across the nation. He began his career in government as Director of the Commonwealth's Division of Marine Fisheries and later as its Commissioner of Natural Resources.

In 1960, he won The Trustees of Reservations' Conservation Award for his accomplishments. And today, his belief in conservation, his understanding of our natural resources and his abiding affection for the out-of-doors have helped set new standards of environmental quality

here in Massachusetts.

We shall miss their wise counsel and we wish them well. Most important, we look forward to welcoming them both once again as active participants in our programs when the demands of public service may subside. Meanwhile, we are honored they will remain members of the corporation.

NEW STANDING COMMITTEE MEMBERS

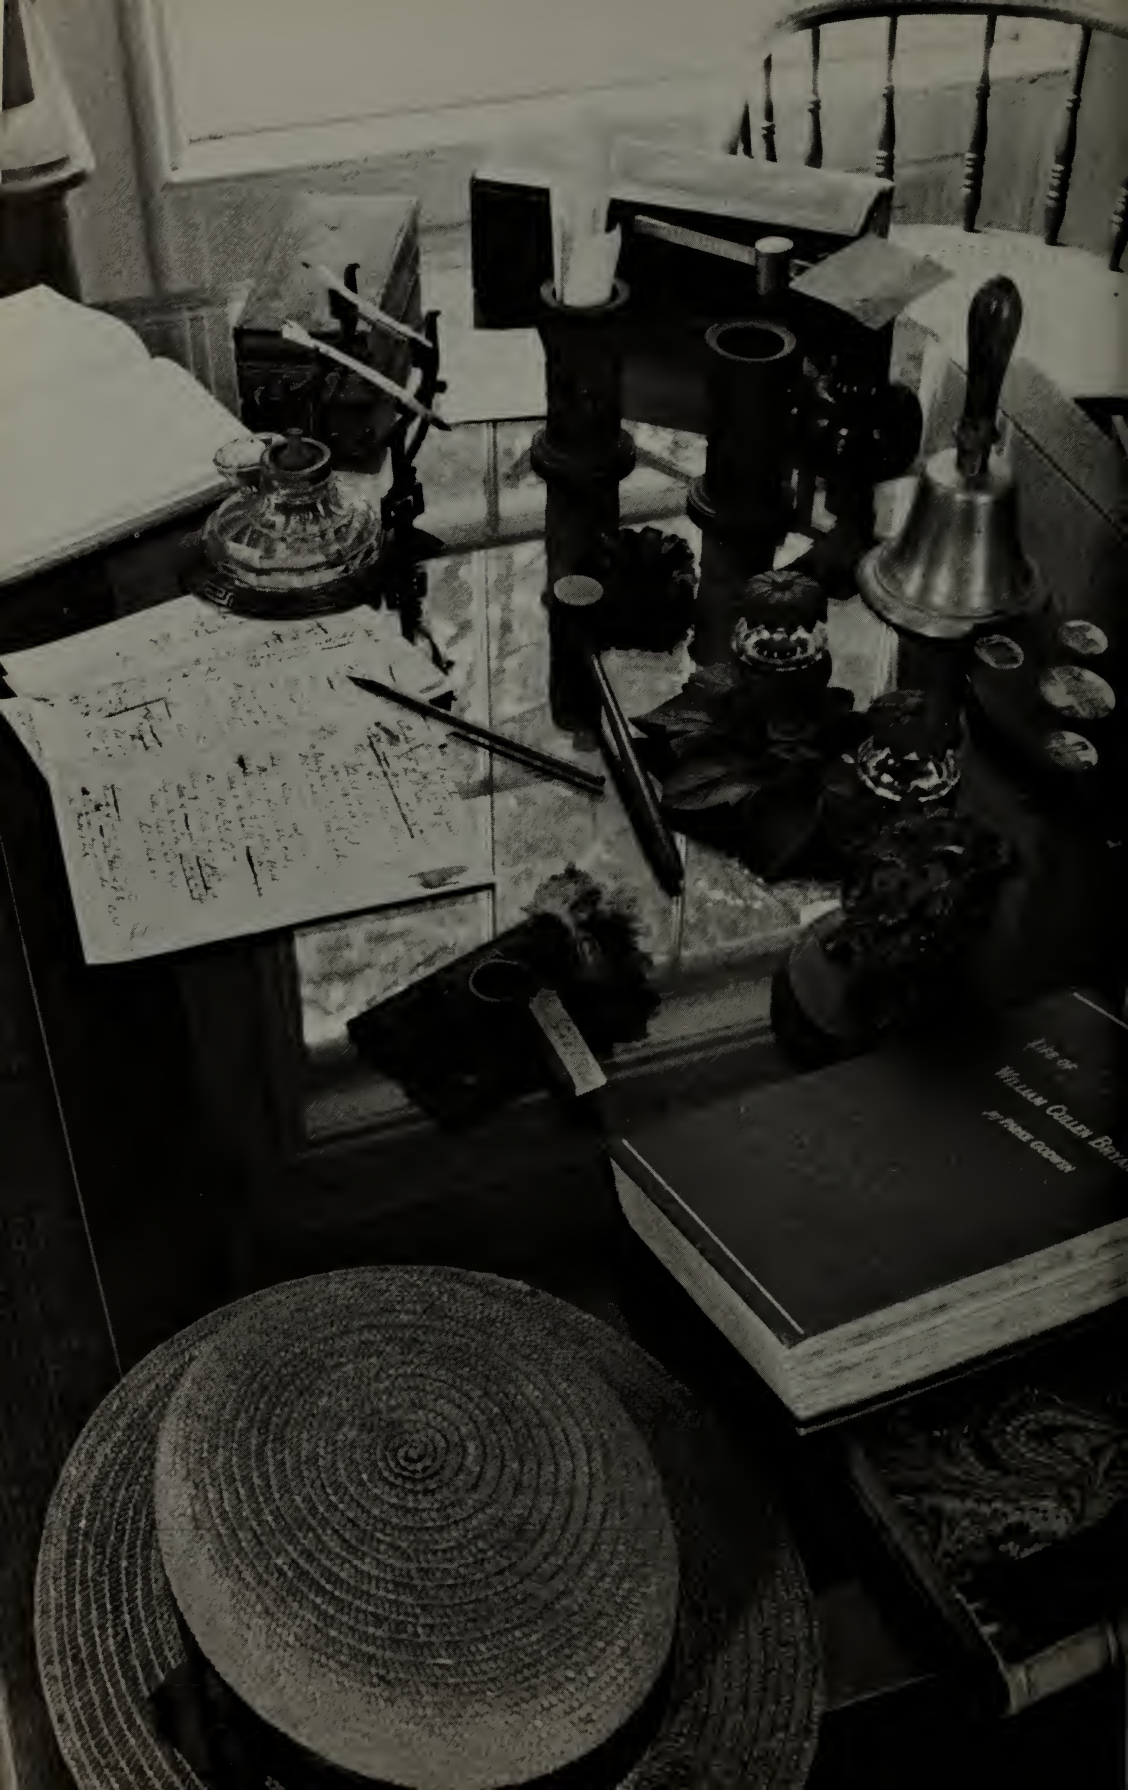

As new Standing Committee members we welcome Robert Livermore, Jr. of Beverly and Charles Peirson Lyman of Canton.

Mr. Livermore has been involved in the conservation of our natural resources for most of his life. A long-time resident of Beverly, he is a founder of the Beverly Conservation Commission. He has served as a member of the Commonwealth's Board of Natural Resources and as a member of the Governor's Advisory Commission on Open Space and Outdoor Recreation.

As President of Hunneman & Company, he is a distinguished figure in the field of real estate, and his knowledge of the land and its related resources is measured by a lifetime of experience. A lover of the out-of-doors, he is widely respected for his accomplishments in competitive skiing. An avid sportsman, he is also a Trustee of the North American Wildlife Foundation.

Dr. Lyman, Associate Professor of Anatomy at Harvard University's Medical School, is celebrated world-wide for his knowledge of mammalian hibernation. He is Curator of Mammalogy and a member of the museum faculty at Harvard's Museum of Comparative Zoology and author of 67 publications in his field.

He served as Chairman of the First International Symposium on Natural Mammalian Hibernation sponsored by the Office

of Naval Research and is a former member of the Physiology Study Section of the National Institute of Health.

An ardent fisherman and sportsman, he is also a Trustee of the Massachusetts Society for the Promotion of Agriculture. With warmth and anticipation we welcome them both aboard and we look forward to working with them in the years ahead.

OUR MANY FRIENDS

We would also like to express our thanks

to all the many friends of The Trustees of Reservations, old and new, whose loyalty and support mean so much to the cause of conservation throughout the Commonwealth and continues the dedication, spirit and ideals which created the organization and have made its accomplishments possible over the past 82 years.

Respectfully submitted,

Gordon Abbott, Jr.

Director

January 31, 1973

Manuscripts and other memorabilia, just as the poet might have left them, in the library of the William Cullen Bryant Homestead in Cummington. The Homestead celebrated the completion of a new curatorial program in 1972. The property is a National Historic Landmark.

Reservations

AGASSIZ ROCK RESERVATION

Manchester - 110 acres

LOCAL COMMITTEE

Chairman: Miss Frances L. Burnett
Mrs. E. Sturgis Hinds, G. Endicott Putnam,
George Putnam, Jr. and Daniel F. Slade

Agassiz Rock Reservation, whose huge boulders tell a fascinating story of glacial times, was acquired by The Trustees of Reservations in 1957. The original 28.8 acres and an endowment of \$5,000 were given by Arthur W. Stevens. In 1958, Mr. Stevens gave another 46 acres. In 1960 and 1961, 7.8 acres and 2.72 acres were purchased by The Trustees of Reservations. Samuel Knight & Sons Co. gave 6.17 acres in 1962. And in 1963, four acres were purchased with funds provided by area residents.

An additional acre of woodland was given in 1964 by Miss Doris E. Peabody and Mrs. John B. Warner in memory of their grandfather, William A. Stone, and their great uncle, Charles H. Stone. Approximately three acres of woodland were acquired in 1965 through the generosity of Edwin F. Butler of Manchester, Roland E. Butler of Maine and Dorothea Butler and Barbara Babin, both of Michigan. The land was given in memory of Nelson A. Butler, formerly of Manchester.

In December 1967, The Trustees of Reservations acquired 4.2 acres from the heirs of Eva Rand.

APPLETON FARMS

GRASS RIDES

Hamilton - 94 acres

Appleton Farms Grass Rides, with its miles of walking and cross-country ski trails, woodland plantations and wetlands,

is a part of the watershed of the Miles River and the Ipswich River. The area was given to The Trustees of Reservations in 1970 by Colonel and Mrs. Francis Randall Appleton, Jr.

BARTHOLOMEW'S COBBLE

Ashley Falls - 174 acres

LOCAL COMMITTEE

Chairman: Morgan G. Bulkeley
Hal Borland, William P. Clark, Boughton Cobb, John R. Downie, Mrs. Lawrence K. Miller, Mrs. Milton C. Rose, Alvah W. Sanborn, Eric Sloane, John Storer, Robert K. Wheeler and Arnold Whitridge

A NATIONAL NATURAL LANDMARK

Bartholomew's Cobble, whose high limestone knolls look out on the winding Housatonic River, was acquired by The Trustees of Reservations in 1946. Famed for its wild flowers and plants, waterfowl, marsh and song birds, the Cobble was purchased with funds raised from subscription. In 1963, The Trustees of Reservations purchased the ox-bow meadow peninsula and a 20-foot strip along the east bank of the Housatonic, a total of about 14 acres. A parcel of some eight acres east of Andrus Road was purchased in 1968.

In 1969, some 115 acres were added to Bartholomew's Cobble Reservation. The area, Hurlburt's Hill with its magnificent high pasture and Hurlburt's Woods, with two of the largest tulip trees in Berkshire County, borders Weatogue Road west of the Cobble itself. In 1972, with funds raised from public subscription and foundation grants, the neighboring Colonel John Ashley House was added to Barthol-

omew's Cobble Reservation. The Ashley House, built in 1735, is the oldest dwelling in western Massachusetts. The property includes five acres of land.

CHESTERFIELD GORGE

West Chesterfield - 161 acres

LOCAL COMMITTEE

Chairman: Clarence E. Swenson
Rolf R. Benzian, Dr. Edward H. Baldwin, Charles A. Bisbee, Jr., Rev. Benson H. Harvey, Morris Healy, Miss Geneva Sayre and Mrs. Clarence E. Swenson

Chesterfield Gorge Reservation, where the waters of the Westfield River flow through a deep canyon sided with sheer granite cliffs and fringed with hemlock and spruce, was established in 1929. To save the area from logging, The Trustees of Reservations initially acquired 17.5 acres. Five and one-half acres on the west bank were added in 1929, subject to the life tenancy of Mr. and Mrs. Frank W. Thayer. Contributions for this purchase were made by Mrs. Stanley King and Sidney L. Beals. In 1950, inspired by the interest of Mrs. Clarence E. Swenson, the Pioneer Valley Association gave The Trustees of Reservations 30 acres on the east bank. In 1955 the Quinnehtuk Company gave an additional five acres. Another three acres of river bank were purchased in 1963. One hundred acres of forest land adjoining the east side of the Gorge were purchased from Joseph E. Gagnon in 1965. Included was a section of the old stage road.

RICHARD T. CRANE, JR.

MEMORIAL RESERVATION

Ipswich - 1,352 acres

LOCAL COMMITTEE

Chairman: Sidney N. Shurcliff
Francis R. Appleton, Jr., Mrs. Cornelius

Crane, David C. Crockett, Dr. Robert L. Goodale, George R. Mathey, Arthur H. Phillips, Neil C. Raymond, Jr., John C. Vincent, Jr., Frederic Winthrop, and Frederic Winthrop, Jr.

The Crane Reservation, whose sand dunes, salt marsh and steep upland stretch for more than four miles along the shore of Ipswich Bay, was established in 1945.

One thousand acres of beach and dune were given to The Trustees of Reservations in memory of Richard T. Crane, Jr., by Mrs. Richard T. Crane, Jr. and members of the Crane family. In 1949, some 300 acres of beach, dune and salt marsh—the major portions of Castle Hill, Middle Hill and Steep Hill—as well as 50 acres adjoining Castle Neck Beach, were added to the Reservation. In 1952, Florence Crane Belosselsky exercised her option to acquire 55 acres. In 1953, 16 acres were given to the Town of Ipswich. Patterson Island, 22.75 acres, was added to the Reservation in 1957, the gift of Cornelius Crane.

In 1965, Mrs. Regina Dodge Eliot gave some 10 acres of salt marsh adjacent to the Reservation. Easements on marshland adjacent to the Castle Neck River were the gift of Professor and Mrs. Charles W. Eliot II in 1966. The Crane Reservation is Management Headquarters for the Northeast Region of The Trustees of Reservations.

Thanks also to the generosity of Colonel and Mrs. Francis R. Appleton, Jr., some 25.8 acres of salt marsh in Ipswich, property of Appleton Farms, were acquired in 1972. Continuing protection and management of the marsh will be provided by the Crane Reservation.

CROWNINSHIELD ISLAND

Marblehead - 5 acres

LOCAL COMMITTEE

Chairman: James T. Wetherald
Charles MacIntyre, Mrs. James T. Wetherald

Crowninshield Island, whose pink granite shoreline, small salt marsh and sandy beach form the seaward side of Dolliber Cove, is named for Mrs. Francis B. Crowninshield, a resident of nearby Peach Point for many years and one of the nation's leading advocates of historic preservation. Mrs. Crowninshield gave the island to The Trustees of Reservations in 1955. It has an endowment of \$15,000.

Roberts, Mrs. Horatio Rogers, Mrs. Robert Saltonstall, Robert Saltonstall, Horace N. Stevens, Jr., Mrs. Walter M. Whitehill and Walter M. Whitehill.

The Stevens-Coolidge Place, where landscaped gardens, a serpentine wall and rich pasture land combine to create the simple charm of a New England farm with the comfort and formality of modern country living, was bequeathed to The Trustees of Reservations by Mrs. Helen S. (Stevens) Coolidge in 1962.

TANTIUSQUES RESERVATION

Sturbridge - About 55 acres

LOCAL COMMITTEE

Chairman: Frank T. Haynes
Roger B. Chaffee, Charles J. Ciaffone,

Lewis E. Howlett, Robert E. LaFontaine and Alexander J. Wall

Tantiusque, a graphite or black lead mine first discovered by the Indians and granted to John Winthrop, Jr. in 1644, was given to The Trustees of Reservations in 1962 by Roger B. Chaffee in memory of Professor George H. Haynes, a teacher at Worcester Polytechnic Institute.

TYRINGHAM COBBLE

Tyringham - 206 acres

LOCAL COMMITTEE

Chairman: Rustin McIntosh
Miss Agnes Curtin, G. James Fawcett, Arnold Hale, Walter D. Howard and Mrs. Francesca G. Palmer

Tyringham Cobble, whose steep pasture slopes (1,300 feet) overlook Tyringham Valley, the bubbling waters of Hop Brook and the tiny town itself, was acquired by The Trustees of Reservations in 1963. It was the gift of Dr. Rustin McIntosh, Mrs. Francesca Gilder Palmer and Edward N. Perkins. A bequest of Mrs. Olivia James gives the Reservation an endowment of \$20,000.

CHARLES W. WARD RESERVATION

Andover - 445 acres

LOCAL COMMITTEE

Chairman: John W. Kimball
Mrs. C. Carleton Kimball, George K. Sanborn and Frederic A. Stott

The Ward Reservation, where visitors can climb 420-foot Holt Hill, the highest hill-top in Essex County, or walk a self-guided nature trail and learn the fascinations of a typical northern bog, was acquired by The Trustees of Reservations in 1940.

Mrs. Charles Ward gave the original 154 acres with endowment in memory of her husband. Subsequent gifts were made by Dr. Charles L. Ward, Jr., Mrs. Ward, Phillips Academy, Mrs. C. Carleton Kimball, and Charles L. Ward.

As a part of a continuing and comprehensive program to protect the integrity of the property and preserve its environmental values, The Trustees of Reservations have purchased, with contributions, 54 acres of land in six parcels since 1967.

In 1972, thanks to the generosity of Elizabeth Ward Kimball, Charles Lakeman Ward, John Ward Kimball, Richard Ward Kimball, Margaret K. Montgomery, Dr. Charles L. Ward, Jr. and Thomas Dillingham Ward, 71.1 acres of land were added to the Reservation.

In 1973, 79.18 acres were received from Phillips Academy in Andover. The land was a part of a matching gift program which began in 1967.

WASQUE RESERVATION

Chappaquiddick Island, Martha's Vineyard - 200 acres

LOCAL COMMITTEE

Chairman: Oliver D. Filley
Alfred Doyle, Harold B. Kelley, Jr.,
Francis Leland, Christopher S. Look,
Charles E. Mason, Jr., George Moffett, Jr.,
Richard Parmenter, William W. Pinney,
Mrs. Robert G. Potter, Jr., Russell B.
Stearns, Mrs. Diana B. Vauclain and
Mrs. Seth Wakeman

Wasque, a lone and lovely land of moor and beach, marsh and salt pond, where the cry of sea birds mingles with the pounding surf, was acquired by The Trustees of Reservations in 1968. Initial acquisitions were made possible through the generosity of residents of Chappaquiddick Island and Martha's Vineyard. A general

fund drive, in a remarkable effort, raised more than \$170,000 to complete the preservation of the property.

WEIR HILL RESERVATION

North Andover - 177 acres

LOCAL COMMITTEE

Chairman: Mrs. Horatio Rogers
Mrs. Douglas A. Chandler, Henry L. Donovan, Lawrence G. Eliot, Mrs. Roland B. Hammond, Roland B. Hammond, Peter L. Hornbeck, Thomas W. Leavitt, Mrs. Charles T. McCarthy, John L. Roberts, Samuel Rogers, Mrs. Robert Saltonstall, Robert Saltonstall, Horace N. Stevens, Jr., Mrs. Walter M. Whitehill and Walter M. Whitehill.

Weir Hill, whose wooded ridges face the curving shoreline of Lake Cochichewick, was acquired for preservation by The Trustees of Reservations in 1968 from the estate of Abbot Stevens. Overlooking the original Stevens mill, now J. P. Stevens & Company, Inc., at the head of Stevens Pond, the Reservation harbors a host of wild flowers in the spring. Straight stone walls tell the story of ancient pastures and the leaves of shagbark hickory, birch, poplar and aspen rustle in the wind.

WHITNEY AND THAYER WOODS

Cohasset and Hingham - 795 acres

LOCAL COMMITTEE

Chairman: Nathan W. Bates
George Benedict, Everett W. Gammons,
Hollis T. Gleason, Edward A. Mulvey and
John F. Visser, Jr.

Whitney and Thayer Woods, where rhododendrons and azaleas bloom on Milliken Memorial Path and Turkey Hill (187 feet) looks out over Cohasset Harbor and the

tall spire of Minot's Light, was first established in 1933 with a gift of 643 acres and endowment of \$10,000 from the Whitney Woods Association. In 1935, Bancroft Sanctuary, 25 acres, was given by the Federation of Bird Clubs of New England. Mrs. Hugh Bancroft gave 20 acres in 1937. Charles B. Barnes and family gave 10 acres in 1941. In 1943, Mrs. Ezra Thayer gave 28 acres in Hingham. Joseph Sapanaro gave eight acres in 1950. From 1944 to 1961, 184 acres were purchased. For military reasons, the Federal government has taken 135 acres. In 1965 and 1966, Mrs. Kenneth L. Ketchum gave 11.7 acres. In 1973, 3.5 acres were purchased and added to the Reservation.

WORLD'S END RESERVATION

Hingham - 251 acres

LOCAL COMMITTEE

Chairman: Samuel Wakeman

Robert Bouve, Harold T. Davis, Edward H. Hutchinson, Jr., Miss Anne L. Lincoln, Edward B. Long, Samuel P. Newbury, Thomas L. P. O'Donnell, Hon. Paul C. Reardon, Ebed L. Ripley, Laurence B. Stein, Jr., Henry W. Stokes, Philip O. Swanson and Mrs. Arthur E. Whittemore

World's End, whose dramatic topography and magnificent landscaping (designed in 1890 by Frederick Law Olmsted) have won admiration for more than half a century, was acquired by The Trustees of Reservations in 1967. In an extraordinary effort, some \$450,000 was raised from public subscription, primarily in Hingham and on the South Shore, to assure its preservation as a natural area. In 1972, 2.3 acres of salt marsh were added to the property, thanks to the generosity of Mr. and Mrs. William A. Walker of Hingham.

Eggs of a nesting tern at the Richard T. Crane, Jr. Memorial Reservation in Ipswich. Protective coloration blends with bits of beach grass, rock weed and sand. A study of primarily least and common terns, designed to measure nesting success and human impact on nesting areas, is conducted annually.

Conservation Restrictions

With the need to preserve open space throughout the Commonwealth growing yearly, increasing use will be made of conservation and preservation easements or restrictions. They have played a major role in protecting the beauty of the landscape in Great Britain and Scotland. With recent legislation, their use is beginning to widen here. Restricting the use and development of land and maintaining the architectural integrity of structures while still allowing the fee title to remain in private ownership, easements or restrictions offer landowners and environmental organizations such as The Trustees of Reservations new opportunities in the area of conservation.

Accordingly, at a special meeting of the corporation held in April 1971, members voted to expand the corporate purposes of The Trustees of Reservations to allow for the use of conservation and preservation restrictions.

Besides "acquiring, holding, arranging, maintaining and opening to the public, under suitable regulations, beautiful and historic places and tracts of land within this Commonwealth," the purposes of The Trustees of Reservations were enlarged to permit "acquiring, holding, maintaining and enforcing such conservation and preservation restrictions, easements and other interests in land, water areas and structures as it deems appropriate and in the public interest and in the manner and extent permitted by law . . ."

The Standing Committee has also established a special Conservation Restriction Fund. With an eye on their increasing use, it is designed to be drawn upon as necessary in the years ahead for the defense of conservation or preservation restrictions

held by The Trustees of Reservations. It is hoped that the Conservation Restriction Fund will grow to \$25,000.

In 1972 and 1973, The Trustees of Reservations acquired two conservation restrictions. As always, we're most grateful to the donors. A brief description of each area protected for environmental purposes appears below.

Charles River *Sherborn*

Restrictions covering 81.14 acres of wetland and upland bordering the Charles River from Farm Street Bridge to Rocky Narrows Reservation, a distance of more than one mile. Gifts of Mrs. George Lewis, Sr. and Mr. and Mrs. George Lewis.

Longacre Farm *Medfield*

Restriction covering 62.75 acres of open field and woodland, including a high knoll and a part of the flood plain of Tubwreck Brook and Mill Brook. The land is southeast of Rocky Woods Reservation and is bordered by Fork Factory Brook Reservation to the east. Gift of Joel A. Goldthwait.

History and Organization

The Trustees of Reservations was created in 1891. Its founding was due primarily to the genius of one man, Charles Eliot of Cambridge.

A landscape architect, disciple of America's dean of landscape architects Frederick Law Olmsted, Charles Eliot (1859-1897) was the son of Charles William Eliot, President of Harvard University from 1869 to 1909.

Concerned with the need to preserve "fine bits of natural scenery" to provide "rest and refreshment" for the citizens of the metropolitan area, Eliot, in January, 1890, proposed the establishment of an organization "to hold small and well distributed parcels of land, just as the Public Library holds books and Art Museums pictures for the use and enjoyment of the public."

The Trustees of Reservations (until 1954 The Trustees of Public Reservations) was incorporated by the Massachusetts General Court a year later (Chapter 392, Acts of 1891) "for the purpose of acquiring, holding, arranging, maintaining and opening to the public, under suitable regulations, beautiful and historic places and tracts of land . . ."

Charles Eliot died in 1897. He was 38 years old. His love of nature, however, and his knowledge of planning and the natural landscape, his concern for the environment and his devotion to public service, live on in the organization he founded more than 80 years ago.

Today, The Trustees of Reservations is custodian for 53 open space and historic areas from the hills of Berkshire County to Cape Cod and Martha's Vineyard. They total more than 11,800 acres.

A charitable corporation, founded for conservation purposes, The Trustees of Reservations is an independently administered, non-profit corporation which operates state-wide. It relies for support entirely on voluntary subscriptions, income from endowments and limited admission fees.

ACQUIRING LAND

The Trustees of Reservations acquires land for open space, natural areas or historic preservation either by gift or purchase. Gifts of land may be received either by deed or by legacy from the donor. When property is purchased, The Trustees of Reservations depends upon contributions to help defray costs. Gifts of either land (at fair market value) or money qualify for Federal income tax deduction up to 50 per cent of the donor's adjusted gross income. The Trustees of Reservations may also acquire conservation or preservation easements or restrictions.

MUSEUMS OF THE MASSACHUSETTS LANDSCAPE

It is the policy of The Trustees of Reservations to preserve properties of distinctive landscape character which satisfy a wide range of public interest. They vary from a magnificent summer mansion of the 1890's, with its formal gardens, to acres of wild beach and salt marsh or wooded hillsides and quiet river banks within minutes of downtown Boston.

The houses, for the most part, are museums, architectural examples of their times. Three are National Historic Landmarks.

The natural environment of the land is

maintained and protected, to be enjoyed for its vegetation, its wildlife and its scenic beauty. Many of these land and water-fall areas have unique botanical, ornithological and geological features. One has been designated a National Natural Landmark. They are, in fact, museums too, but of the out-of-doors.

PARTNER IN PRESERVATION

During the past 82 years many generous and thoughtful property owners have been moved by a sense of concern for the future and a deep affection for their land. They have found in The Trustees of Reservations a partner in their aim for preservation, whose integrity and consistency of purpose has withstood the test of time.

Today, their properties - meadows and streams, woods and ponds, salt marshes and seashores, green hillsides and cool valleys - are protected forever. And, as each day passes, they become more important in preserving the quality of our environment.

LEADERSHIP IN CONSERVATION

From the beginning, it has been an aim of The Trustees of Reservations to encourage the acquisition and protection of open spaces by government and other conservation agencies. A year after its birth, the organization led the way to the creation of a Metropolitan Park system for Boston, the first of its kind in the Nation. In 1956, it contributed to the passage of the Bay Circuit Act designed to create an outer system of open spaces around Metropolitan Boston. And in 1968, following a conference on "The Parkland Crisis in Greater Boston," it proposed the establishment of a special Commission to study parkland needs throughout the Commonwealth.

The Governor's Advisory Commission on Open Space and Outdoor Recreation was created by Executive Order a few months later. The Director of The Trustees of Reservations and three of its board members serve on the Commission. Today, as always, The Trustees of Reservations enjoy a close relationship of purpose with State and Federal resource agencies - the National Park Service, the U. S. Fish & Wildlife Service, the State Department of Natural Resources, the Metropolitan District Commission, the Metropolitan Area Planning Council - and other regional planning agencies, as well as state-wide and local conservation organizations concerned with the protection of natural resources and the preservation of open space areas.

ORGANIZATION

Besides the general membership, there are some 150 members of the corporation, traditionally called "Trustees." The organization's governing board is its 14-member Standing Committee which meets monthly. There is a small paid staff.

For each Reservation, with some exceptions, there is a Local Committee. Its members are usually residents of the area in which the Reservation is located. They provide a vital interest in its care and may help administer and oversee it as circumstances require.

Membership and Gifts

With the expansion of population and the growth of the economy, open space is rapidly disappearing. Planners estimate that, ideally, about 25 percent of the land in a community should be preserved. Most cities and towns today have set aside less than five percent of their shores and woodlands, wetlands, marshes and wild-life areas.

If the quality of our environment is to be maintained the acquisition of new lands must be accelerated. No less important, of course, is the wise and efficient management of open space areas now in existence.

The Trustees of Reservations receives no public funds. It relies for support on voluntary subscriptions, income from endowments and limited admission fees. Contributions are earnestly needed to help carry on the work of the present and meet the challenge of the future. You may join The Trustees of Reservations in any of the categories listed below, and, if you wish, assign your membership contribution to the Reservation of your choice. A membership entitles you to receive all publications. A newsletter keeps you up-to-date on conservation activities. All contributions are deductible for Federal Income Tax purposes.

Member	\$10 to \$24
Contributing Member	\$25 to \$99
Sustaining Member	\$100 to \$999
Founder	\$1,000 or more

TAX POINTS OF INTEREST

Contributions to The Trustees of Reservations are now deductible for Federal income tax purposes up to 50 percent of adjusted gross income;

Contributions of appreciated securities held more than six months are deductible at fair market value, but only to the extent of 30 percent of adjusted gross income (but look out for certain kind of preferred known as "Section 306 stock");

Contributions in the forms of loans which are periodically forgiven by the lender are deductible. Accordingly, a donor may convey lands to The Trustees of Reservations in exchange for promissory notes which the donor can forgive and deduct periodically;

Contributions of an undivided portion of the donor's real property are still deductible;

In a bargain sale of appreciated securities, the donor must now allocate part of his or her cost basis to the gift, resulting in a capital gains tax, although the full value of the gift can still be deducted.

Needless to say, contributors should consult their lawyers or accountants when making gifts of size or complexity. The Trustees of Reservations will gladly cooperate in all such cases.

¹ All Reservation and Memorial Endowment Funds, with the exception of The Mission House and Naumkeag, are pooled for investment purposes. Income is assigned quarterly to each fund according to its unit share of the total account. If additions are made to principal in any single account, its number of units, or share of the total, is raised proportionately, thus allowing a proportionate increase in growth and income. In the same way, each fund also shares in an appreciation of principal and in an increase of dividends.

Mr. Richard L. Frothingham, Treasurer
The Trustees of Reservations
Milton, Massachusetts

Dear Mr. Frothingham:

I have examined the Balance Sheet of The Trustees of Reservations as of October 31, 1972 and the related Statements of Income and Expense and Changes in Funds for the year then ended. My examination did not include, however, an audit of the books, accounts and records of certain locally handled reservations, namely, Rocky Woods Reservation, The Old Manse and Stockbridge Mission House; otherwise the examination was made in accordance with generally accepted auditing standards, and included such tests of the accounting records and other auditing procedures as I considered necessary in the circumstances.

Subject to the foregoing comments, I hereby certify that the accompanying Balance Sheet and Statements in support thereof present fairly the financial position of The Trustees of Reservations at October 31, 1972 and the results of its operations for the year then ended in conformity with generally accepted accounting principles consistent with that of the preceding year.

CORTLAND B. BACALL
Certified Public Accountant

Charter¹

Section 1. Frederick L. Ames, Philip A. Chase, Christopher Clarke, Charles R. Codman, Elisha S. Converse, George F. Hoar, John J. Russell, Leverett Saltonstall, Charles S. Sargent, Nathaniel S. Shaler, George Sheldon, William S. Shurtleff, George H. Tucker, Francis A. Walker, George Wigglesworth, their associates and successors, are hereby made a corporation by the name of **The Trustees of Reservations**², for the purpose of acquiring, holding, arranging, maintaining, and opening to the public, under suitable regulations, beautiful and historic places and tracts of land within this Commonwealth, and acquiring, holding, maintaining and enforcing such conservation and preservation restrictions, easements and other interests in land, water areas and structures as it deems appropriate and in the public interest, in the manner and to the extent permitted by law³, with the powers and privileges and subject to the duties set forth in chapter one hundred and fifteen of the Public Statutes and in such other general laws as now are or hereafter may be in force relating to such corporations; but said corporation shall have no capital stock.

Section 2. Said corporation may acquire and hold by grant, gift, devise, purchase, or otherwise, real estate such as it may deem worthy of preservation for the enjoyment of the public, but not exceeding one million dollars in value, and such other property, both real and personal, as may be necessary or proper to support or promote the objects of the corporation, but not exceeding in the aggregate the further sum of ten million dollars⁴.

Section 3. All personal property held by

said corporation, and all lands which it may cause to be opened and kept open to the public, and all lands which it may acquire and hold with this object in view, shall be exempt from taxation, in the same manner and to the same extent as the property of literary, benevolent, charitable, and scientific institutions incorporated within this Commonwealth is now exempt by law; but no lands so acquired and held and not open to the public shall be so exempt from taxation for a longer period than two years. Said corporation shall never make any division or dividend of or from its property or income among its members.

¹Originally Enacted by The Massachusetts General Court, Chapter 352, Acts of 1891

²The name **The Trustees of Public Reservations** was changed to **The Trustees of Reservations** by vote of the Corporation at its meeting on January 20, 1954. Name changed by Act of Legislature on February 4, 1954.

³In accordance with Section 10 of Chapter 180, Massachusetts General Laws, the provisions relating to conservation and preservation restrictions, etc. were added to the purposes of **The Trustees of Reservations** by vote of the Corporation at a special meeting on April 21, 1971.

⁴In accordance with the provisions of Chapter 819 Acts of the General Court 1971, The Trustees of Reservations may hold both real and personal property in an unlimited amount.

By-Laws¹

Article I

Of Trustees

1. The members of the corporation, in whom are reposed the full and exclusive duty and power to vote in respect of all matters to be acted upon at any meeting of the corporation, shall be designated 'Trustees' and each Trustee shall have one vote, to be exercised in person or by proxy. The number of Trustees shall not exceed one hundred fifty, nor shall it be less than one hundred, and they shall be elected by the corporation for such term as the corporation shall determine.

2. The Standing Committee may, if it sees fit, nominate Trustees by inserting the names of candidates in the notice of any meeting of the corporation and may designate the terms for which such candidates are so nominated.

3. An election of Trustees may take place at any annual meeting or at any special meeting if notice thereof is contained in the notice of the meeting, and any person who receives the vot of two-thirds of the Trustees present in person or represented by proxy shall, on his acceptance of his election, be declared and enrolled a Trustee of the corporation. Any Trustee may resign by written notice, signed by the Trustee and delivered to the Secretary or to another officer of the corporation.

Article II

Of Contributors

1. All persons from whom the corporation shall recieve real or personal property shall receive real or such categories of membership and for such terms as the Standing Committee may from time to time determine.

2. But no donor of money or property shall be a member of the corporation un-

less and until duly elected as provided in Article I. Notwithstanding that such donor shall not be subject to any duty or responsibility in the management or affairs of the corporation, they may, if convened in a meeting at the direction of the Standing Committee, take advisory action and make recommendations in respect of any matter submitted to such meeting. At any such meeting each person shall be entitled to one vote to be cast in person or by proxy.

Article III Of Meetings of the Corporation

1. The annual meeting of the corporation shall be held on the last Wednesday in January, in Boston, or at such other city or town in the Commonwealth, and at such time and place, as the Standing Committee may determine.

In the event the annual meeting is not called and held as herein prescribed, the Standing Committee shall order a special meeting to be called and held in lieu of and for the purposes of the annual meeting, and all references in the By-Laws to the annual meeting shall be deemed to refer also to a special meeting called in lieu of and for the purposes of the annual meeting. Special meetings of the corporation may be called by the Standing Committee to meet at any time and at any place within the Commonwealth. Notice of any meeting of the corporation shall be given at least seven days before the date of the meeting by mailing postpaid to each member of the corporation at his address of record last appearing on the books of the corporation a notice thereof and, if a special meeting, a statement of the purpose for which the meeting is called.

2. A quorum for the transaction of business at any meeting of the corporation shall consist of a majority of all members of the corporation then incumbent, present in person or represented by proxy, but a majority of the members so present or represented, although less than a quorum, may adjourn any meeting from time to time unless the business shall have been finished. Except as otherwise provided in these By-Laws, the vote of a majority of a quorum shall suffice to take any action.

3. Officers and members of the Standing Committee shall be elected by ballot. Any other action to be taken by members of the corporation may be taken by voice vote unless a member requests a written ballot in which case a ballot shall be taken.

4. At all meetings of the corporation the President shall take the chair as soon as a quorum is present; and the record of the preceding meeting shall then be read, unless such reading is dispensed with by the unanimous consent of those present.

5. At the annual meeting of the corporation the order of business shall be as follows:

First. The unfinished business and the assignments of the last meeting shall be announced by the Secretary to the President and taken up in order.

Second. The Secretary shall be called on to submit a written report of the doings of the Standing Committee for the previous fiscal year.

Third. The Treasurer shall be called upon to submit a written report of his doings for the previous fiscal year and of the financial condition of the corporation as of the close of the previous fiscal year.

Fourth. The Committee to audit the Treasurer's accounts shall be called on for

a report.

Fifth. Any special committee which may have been appointed during the year shall be called on to report.

Sixth. If the Standing Committee shall have proposed changes in the By-Laws, or if changes in the By-Laws have been proposed by a Trustee, the same shall be voted upon.

Seventh. If the Standing Committee shall have made any nominations to membership in the corporation, or if such nominations are made by a Trustee, an election shall be held.

Eighth. An election of officers and members of the Standing Committee shall be held, if there are terms which have expired or vacancies to be filled.

Ninth. The President shall give the members present an opportunity to present new business.

Tenth. The President shall appoint a committee to audit the Treasurer's accounts.

Article IV

Of Officers

1. The officers of the corporation shall be a President, one or more Vice-Presidents, a Secretary, and a Treasurer. The officers shall be chosen by ballot by the members of the corporation at an annual meeting and they shall hold their offices for three years, or for such shorter terms as the corporation at its annual meeting shall determine, and until others are duly chosen and qualified in their stead. Except in the case of the Secretary, an officer may not serve more than six consecutive years in the same office, but may serve again in the same office after an interval of one year. The Standing Committee may elect or appoint such other officers of the corporation as it may from time to time determine, in-

cluding, but not limited to, one or more assistant secretaries and one or more assistant treasurers, and any such officers appointed by the Standing Committee shall serve for such terms and shall have such powers and duties as the Standing Committee may from time to time prescribe.

2. The President shall preside at all meetings of the corporation. If he is absent a Vice-President in order of seniority, and, if no Vice-President is present, a President *pro tempore*, chosen by hand vote of the members of the corporation present, shall preside.

3. The Secretary, who shall be a resident of the Commonwealth, shall warn the members of all meetings of the corporation according as he may be directed by vote of the Standing Committee. He shall call the meetings of the Standing Committee as he may be directed by the chairman of the Committee or on the request in writing of any two members thereof. He shall keep an exact record of all meetings of the corporation and of the Standing Committee, with the names of the members present, entering in full all reports of committees which may be accepted by either body, unless otherwise directed.

4. The Treasurer shall keep regular and faithful account of all the moneys and funds of the corporation which shall come into his hands and of all receipts and expenditures connected with the same, which accounts shall always be open to the inspection of members of the corporation. He shall make no investments and pay no moneys without either the approval of a majority of the Standing Committee or of such officer, agent or committee as said Standing Committee shall appoint to act for it in these matters and in accordance with such procedures

as the Standing Committee shall establish.

Article V Of the Standing Committee

1. The Standing Committee shall consist of fourteen persons, including the President, the Treasurer and the Secretary who shall be members of the Standing Committee, *ex officio*. The members of the Standing Committee, other than the members *ex officio*, shall be chosen by ballot by the members of the corporation at an annual meeting. The elected members of the Standing Committee shall be divided into three classes, one of which shall consist of three members and two of which shall consist of four members. One class shall be elected at each annual meeting of the corporation and shall hold office for a term of three years and until others are duly chosen and qualified in their stead. A member of the Standing Committee may not serve more than two consecutive three year terms as an elected member of the Standing Committee after an interval of one year.

2. The Standing Committee shall, at the first meeting after the annual meeting of the corporation in each year, elect a chairman, whose duty it shall be to preside at all meetings of the Committee. In his absence a chairman *pro tempore* may be chosen by hand vote. The Standing Committee shall meet at least once in every month, and a quorum shall consist of not less than three members.

3. The Standing Committee may fill any vacancy in any of the offices of the corporation or in its own membership until the next annual meeting of the corporation, may nominate or refuse to nominate new members of the corporation, may accept or decline gifts offered to the corporation, may establish a fiscal year for

the corporation, may approve or disapprove investments or expenditures, may approve or disapprove all bills against the corporation, may declare any office, including the office of a member of the Standing Committee, vacant if the Standing Committee by affirmative vote of two-thirds of its members so determines, may make such arrangements for the holding and conduct of its meetings and notice thereof as it may determine, may appoint subcommittees of its members, or committees consisting of members or other persons not members, may appoint and remove agents, may engage whatever assistance is needed to administer the affairs of the corporation, may designate such agents and employees by such titles as they may deem proper, and, in general, may exercise all the powers of a board of directors and all the executive powers of the corporation.

4. Any officer of the corporation shall be entitled to attend all meetings of the Standing Committee but without vote unless he is a member of the Standing Committee as above provided.

Article VI Of the Advisory Council

Members of the Advisory Council shall be chosen at the annual meeting of the corporation, and they shall hold their offices for such term as the corporation shall determine. The members of the Advisory Council shall be entitled to attend all meetings of the Standing Committee but without vote.

Article VII Of the Seal

The corporate seal shall be a circular, flat-faced die of about an inch and a half in diameter, with the name of the corporation, the year of its organization, and the word "Massachusetts" and the figure of a

pine tree so engraved on its face that it can be embossed on paper by pressure.

Article VIII Of Amendments

These By-Laws may be amended, altered, or repealed at any meeting of the corporation by a two-thirds vote of the members present in person or represented by proxy, provided that notice of such proposed change shall have been given in the call of the meeting.
